ALBANIAN SCHOOL SEIZED BY GREEKS

Library of Congress

American Institution Under Control of Congregational Church Here.

A DIPLOMATIC QUESTION

Matter Regarded As Important at Washington—European Consuls to Look After United States' Interest There.

Vienna, Sept. 22.—The Greek authorities at Koritza, in Albania, today seized the American mission school there, where instruction is given to nearly 100 Albaain girls. The information reached here in a telegram from Avona, the principal seaport of Albania, on the Adriatic sea.

The Greeks have also arrested and persecuted a large number of Albanians who recently returned to Koritza from America and other foreign countries, releasing them from detention only when the Albanians promised to join in the agitation for the incorporation of the district in Greece. The British consul at Monastir has entered a vigorous protest with the Greek government in behalf of the Americans.

The whole affair forms part of the Greek terrorization of the Albanian population with the object of compelling them to agree to the inclusion of the whole Southern Albania in the Kingdom of Greece. Last week officials at Koritza endeavored to take forcible possession of the American mission school building, but the housekeeper in charge refused to hand over the keys. The Greek soldiers beat her mercilessly and then carried her off to prison.

The mission is in charge of Phineas B. Kennedy, a native of New Jersey and a Princeton graduate. Mrs. Violet B. Kennedy conducts the ladies' literary society, whose object is to give the elements of an education to the women of Albania.

Congregational Mission

New York, Sept. 22.—The American mission school in Koritza, Albania, is under supervision of the Congregational church and controlled by the American Board of Commissioners for Foreign Missions.

C. T. Erickson, who was in charge at Koritza, returned to this city a few days ago. He and his wife were expelled from Albania by the Servians at the beginning of the war. Later they returned only to be arrested by the Greeks and imprisoned at Saloniki. Mr. P. B. Kennedy and his wife were in charge of the school during the absence of Mr. and Mrs. Erickson.

In addition to the school at Koritza the church maintains a mission school at Elbason, in Alabia. The headquarters of the Congregational mission board are in Boston.

Important Diplomatic Question.

Washington, Sept. 22.—State Department officials today said the reported seizure of the American mission school at Koritza, Albania, by Greeks, would raise an important diplomatic question, as the status of American institutions in Albania has not been determined under the new territorial delimitations.

Under a convention with Turkey, Americans were given extra territorial rights which protected, among other things, educational institutions.

No official report of the seizure of the school was received today but the State Department is prepared to protest to the Greek government vigorously for the protection of Americans and their property in Albania under the new political order. It was pointed out in diplomatic quarters that the great European powers will do whatever might be necessary to guarantee American rights in the Balkans, and particularly British consuls have been solicitous for the rights of Americans especially in Asiatic Turkey and before the arrival of the American warships last Winter both British and Russian men of war offered an asylum to Americans. This attitude of the powers has had the effect of keeping the United States out of the Balkan tangle.

LUMBERTON RINGS CLEAR.

Against Any Rate Proposition Discriminating Against Any Section.

Lumberton, N. C., Sept. 22.—At a meeting of the Lumberton Just Freight Rate Association, held tonight, which was largely attended by the business men of the town and others, the following resolution was unanimously adopted:

"Resolved, That the delegates appointed by this meeting, to attend the meeting of the State Just Freight Rate Association, to be held in the city of Raleigh on Wednesday, be instructed to oppose any compromise offered by the railroads, that does not guarantee to North Carolina just and equal freight rates with the other Southern States, and that they fight to the end any proposition that would discriminate against one portion of North Carolina in favor of another."

COLUMBIA WANTS WILSON.

President Offered Winter Home in Palmetto Capital—Declined.

Washington, Sept. 22.—President Wilson today was offered a Winter home in Columbia, S. C. A delegation from that city told him that the house in which he had spent a part of his boyhood days and which his mother had originally designed had been renovated and would be purchased by the city if he would come to Columbia.

The President told his visitors that if he made his Winter home anywhere it would be at Columbia, but that it looked very much as if he would spend the coming Winter, and others, too, hard at work in the White House. In the delegation were Mayor W. Y. Gibbs, former Governor D. C. Heyward, Christie Benet and James A. Hoyt.

MISSES BELLAMY SEE "TOMMY"

...mington Ladies Call on President ...n and Renew Acquaintance-...of Many Years Ago. ...ing Incident.

Washington, Sept. 22.—President Wilson today harked back to his boyhood days in the South when two friends of the long ago greeted him at the executive offices. They were the Misses Elizabeth M. and Ellen D. Bellamy, of Wilmington, N. C.

The two sisters, well advanced in age, were ushered into the outer offices just as the President, according to his usual morning custom, began shaking hands with the friends of various Congressmen.

"There he is now!" said one of the sisters, "I knew I could tell him. But how old he has gotten! We used to call him 'Tommy,' I am afraid I will call him that yet."

"You mustn't do that," said the other. "It's 'Mr. President,' now."

The two sisters were talking enthusiastically and several persons in the crowd listened with interest as they talked with one of the secretaries while waiting for the President.

"You know the first time I ever saw him," said Miss Ellen, "he was riding a bicycle."

"It was the first time I ever saw a bicycle, too!" remarked her sister.

The two sisters told how their brother, who was family physician for the Wilsons, was summoned to attend the mother of the President.

"Tommy came over," said Miss Ellen, "to get me to stay up with his mother. He stayed around and was a very helpful boy. I said at that time Tommy would make a fine husband for somebody some day. How proud his father would be if he could see him now."

Just then the President came along, the two women introduced themselves, and Mr. Wilson said he remembered them quite well. He expressed his regret that Mrs. Wilson and the members of his family were not home to greet them and the sisters went forth beaming with satisfaction.

CHARGE HE SOLD COCAINE.

Prominent Durham Druggist Indicted for Violation of Law.

(Special Star Telegram.)

Durham, N. C., Sept. 22.—Quite a sensation was created here about noon when W. A. Mabry, a prominent druggist of the city, was arrested by Sergeant Cagle on a charge of selling cocaine. Mabry was released later in the day under heavy bond.

Three Are Killed Forty Injured

New York, Sept. 22.—Three persons were killed and 40 injured early today in a head-on crash of two Long Island railroad electric trains at College Point, L. I. Of the injured one will die.

Most of the injured were mill employes on their way to work. The trains, running 40 miles an hour, rounded a curve from opposite directions almost simultaneously and the crash was inevitable. The steel cars buckled but did not telescope. This fact doubtless saved many lives.

A hotel near the scene and a number of residences nearby were thrown open for use as emergency hospitals. Many ambulances and a corps of physicians were summoned to the scene. The Pennsylvania Railroad issued a statement saying that the accident had been caused, so far as could be determined, by the negligence of the operator at the station, in allowing the train bound for New York to leave the double track before the other train had cleared. Walter Maize, 30 years old, who was in charge of tower "GC" at White Stone Junction, late today was arrested, held in $10,000 bail. Maize denied that he was responsible for the accident.

RATES IN ALABAMA.

U. S. Supreme Court Refuses to Suspend 2 1-2 Cents Rate.

Washington, Sept. 22.—Justice Lamar, of the Supreme Court, tonight refused to issue a restraining order to prevent the enforcement of the two and one-half cent passenger fare order issued by the Alabama Railroad Commission. Attorneys for the Louisville and Nashville railroad sought to have the order held up until the Supreme Court has passed on its validity.

The decision came at the end of a seven hours' argument before Justice Lamar. Attorneys for the railroad contended the company was entitled to a restraining order provided it issued refund checks to passengers, to be good in case the Supreme Court eventually affirms a decision of the Alabama Federal Court holding the 2 1-2 cent fare valid. Attorney General Brickell, of Alabama, argued that the justice had no authority to grant the order.

Justice Lambert concluded that under the new equity rules it was intended that the judges of the lower Federal court should exercise the discretion of granting or refusing restraining orders pending appeal to the Supreme Court. This decision is regarded as likely to be a precedent of importance in future litigation. Attorneys for the railroad will not give up the fight to stop the enforcement of the order pending the appeal.

BACK BROKE IN RUNAWAY.

Fearful Result of Accident in Which Mr. Jas. Robeson is Injured.

(Special Star Telegram.)

Lumberton, N. C., Sept. 22.—Mr. James Robeson, a native of Lumberton, but for several years employed by the R. & C. Railway at Marion, S. C., was perhaps fatally injured while out driving yesterday. From some cause the horse made a dash, causing Mr. Robeson to fall from the buggy, breaking his back, the spinal column being severed. No hope for his recovery is entertained.

SULZER MUST FACE HIS IMPEACHMENT

Court Rules Against Unconstitutionality of the Proceedings.

TRIAL MUST NOW PROCEED

Vote Was Practically Unanimous—Vote Taken in Secret Session After an Afternoon of Argument—Questions.

Albany, N. Y., Sept. 22.—Governor William Sulzer must go to trial. This was decided by the High Court of Impeachment tonight, when by a vote of 51 to 1 its members overruled the motion of the Governor's counsel to dismiss the proceedings on the ground that he was unconstitutionally impeached by the Assembly, because that body was in extra session when the impeachment was brought.

Senator Gottfried H. Wende, of Buffalo, Democrat, an ardent supporters of the Governor, cast the solitary negative vote. The Governor's defeat was the second that has marked the battle waged by his attorneys to annihilate the impeachment proceedings. Last week the court thwarted their attempt to prevent four senators from sitting as members. Their remaining ammunition consists of argument that certain of the offenses charged against the Governor are not impeachable. These arguments will be heard tomorrow.

Tonight's vote was taken in secret session after an afternoon devoted to speeches by the opposing attorneys. When the time came for the court to render its decision, Presiding Judge Cullen announced that he did not feel inclined to use the power granted him under the rules to be the first to express an opinion.

"My Brethren," he said, "you will readily appreciate that the point which has been discussed goes to the very foundation of this proceeding. If decided in one way the proceedings must necessarily stop. You have the power to clear the court for private consultation under the rules."

This was done on motion of Judge Collin, another judge, but the vote was later announced in a brief public session, and the record of the proceedings immediately was made public. It showed that a tentative roll call on the motion was immediately taken and that the presiding judge delivered a long opinion on the points at issue when his name was called, 13th on the list.

Judge Cullen's opinion, in substance was that the provision of the constitution which limited the acts of the Legislature in extra session to such matters as were recommended to it by the Governor should be given a reasonable construction. It upheld the contention of the prosecution that the provision referred to the Legislature as a whole and not to the Assembly as an independent body.

"So construed," said Judge Cullen, "these subjects attest to what the Legislature, as a body can do, and not to the power vested in one branch of the Legislature."

The tentative roll call was followed by a viva voce vote and then with a final roll call, with the same result. Senator Wende explained his negative vote in a brief argument in which he held that when the Assembly adjourned sine die some weeks before re-convening to bring the impeachment articles "they foreclosed their right to act upon any question of impeachment when called then in extraordinary session."

MASSACHUSETTS PRIMARY.

Campaign Closes With Only Two Contests of General Interest.

Boston, Mass., Sept. 22.—The campaign for nominations in tomorrow's State primaries closed tonight with only two contests of much general importance to enliven the dullness of the three campaigns under the present primary system.

These contests are for Governor on the Republican ticket, in which Colonel Everett C. Benton is opposed by Congressman August P. Gardner, and for Lieutenant Governor on the Democratic ticket between T. P. Barry and Richard H. Long.

Lieutenant Governor David I. Walsh is an opposed candidate for head of the Democratic ticket, and Charles F. Bird will lead the Progressives for a second time.

It was reported today that Governor Foss, elected as a Democrat who failed to receive a sufficient endorsement to run on the Republican primary ticket for Governor, would enter the field as an independent candidate for a fourth term. He has been asked several times regarding his political plans but has refused to commit himself.

SHOT ON A. C. L. TRAIN

J. C. Davis of Kelford Painfully Wounded Near Suffold, Va.

Norfolk, Va., Sept. 22.—With a bullet in his shoulder and his neck cut by falling glass, J. C. Davis, a prominent young business man of Kelford, N. C., is in St. Andrew's Hospital, Suffolk, the victim of some unknown person, who Saturday night opened fire on an Atlantic Coast Line passenger train.

Mr. Davis was sitting by a window the crossing of the Seaboard Air Line, just outside the city limits of Suffolk.

Hr. Davis was sitting by a window in a day coach when the bullet crashed through the window and buried itself in his shoulder. The train was stopped, and when it was ascertained that Mr. Davis had been injured he was hurried to Suffolk and sent to the hospital.

Railroad detectives are searching for the party who fired on the train.

TO AVOID TARRIFF PENALTIES

Joint Resolution Will be Put Through Congress Providing for Continuation of Foreign Trade Relations—Notes.

Washington, Sept. 22.—Apprehension lest the Democratic tariff bill lead foreign nations to impose tariff penalties against the United States as soon as the new law goes into effect, today caused administration and Senate leaders to plan the introduction of a joint resolution in Congress making specific provision for the continuation of existing relations with all countries until President Wilson has time to negotiate new trade agreements.

The seriousness of the situation that will confront the administration today was impressed on Chairman Simmons, of the Senate Committee by State Department officials. It was pointed out that the trade relations established by President Taft's administration under the Payne-Aldrich law of 1909 would terminate as soon as the new law becomes effective and the United States then would face the possibility of having higher tariff rates applied by many countries against its exports.

While the tariff law would give the President authority to negotiate trade and reciprocity treaties, it also would require him to apply special penalty rates against countries discriminating against the United States.

To prevent the possibility of trade wars, the State Department now is defining a joint resolution which will provide that existing relations shall continue for four months. This will not keep in effect the tariff rates of the Payne-Aldrich law, but will assure to foreign countries that the new penalty provisions of the Underwood-Simmons bill will not be applied to them until a reasonable time has been allowed the President and the State Department to negotiate new trade treaties.

At the White House and later at the State Department Senator Simmons today pointed out that it would be impossible to insert the provision desired as an amendment to the tariff bill, because the introduction of any new matter is precluded while the bill is in conference. The provision will be put through Congress as a separate act, supplementary to the tariff law.

Senate amendments to the tariff bill would authorize the President to assess extra duties on coffee, tea, fish, chinaware, silks, laces, jewelry, sugar and many other items coming from countries not treating the United States as a "favored nation."

While the joint resolution could not prevent other countries from imposing higher tariffs against the United States, it is expected that it will induce them to withhold such action temporarily at least.

The Senate conferees on the tariff bill late today won their fight for a heavier tax on big incomes, when the House members of the conference committee agreed to accept the Senate amendments, increasing the tax rate to a maximum of 7 per cent on incomes of more than $500,000.

The committee tonight had so nearly completed the income section that concluding details will be worked out by a sub-committee. The amount of income that is to be free from tax, fixed at $4,000 by the House and $5,000 by the Senate, the exemptions to be allowed on account of the families and the provisions to be applied to mutual insurance companies, still are at issue.

The deductions that are to be allowed from ordinary incomes in arriving at the "net income" that is to bear tax, were accepted practically as determined upon in the Senate. These deductions varied in several particulars from the provisions originally made by the House.

No decision will be made by the conference committee upon the suggested compromise on the cotton futures tax until other sections have been disposed of. While a portion of the conferees continue work upon the income tax provisions tomorrow, others will take up the administrative sections of the bill which include the provision for retaliatory tariff rates, against foreign countries, and for the negotiation by the President of reciprocal trade agreements.

OUTLINES

Motion of counsel for Sulzer to dismiss the impeachment proceedings brought against him was overruled by the New York High Court of Impeachment at Albany yesterday.

Fearful that the new tariff bill will lead foreign nations to impose tariff penalties against the United States, a joint resolution will be introduced in Congress making provision for the continuation of existing foreign trade relations.

The Misses Bellamy, of Wilmington, N. C., yesterday called on President Wilson and renewed a boyhood friendship of long ago.

Governor Felker, of New Hampshire, announced yesterday that the Thaw extradition hearing would take place in the Senate chamber this morning and that only attorneys and newspaper men would be admitted.

Greek authorities in Albania have seized an American Congregational mission school there and an important diplomatic question for the United States has arisen in consequence thereof.

Fifty persons were killed when rebels dynamited and looted a train near Saltillo, Mexico, Friday; one of them was an American.

More than a million people in New York yesterday honored the memory of their late Mayor in funeral services held from Trinity church and in historic Greenwood cemetery.

New York markets: Money on call firm, 2 1-2 to 3 per cent; ruling rate 3 per cent; closing bid 2 1-2 to 3 per cent. Time loans easier, 60 days 4 1-2; 90 days 4 1-2 to 4 3-4; six months 5 to 5 1-4. Flour quiet. Wheat easy; No. 2 red 96. Corn easy, export 82 1-2. Spot cotton steady; middling uplands 13.55; middling gulf 13.80; sales 3,115 bales. Turpentine steady. Rosin easy.

THAW IS JOINED BY HIS MOTHER

At Concord to Give Her Son Support of Her Presence.

THE HEARING THIS MORNING

Delay of New York Grand Jury May Cause State to Ask for Delay—Governor Sees Fugitive First Time.

Concord, N. H., Sept. 22.—On the eve of the proceedings which are expected to decide whether Harry K. Thaw shall be returned to the Matteawan asylum, he was joined here tonight by his mother, Mrs. Mary Copeley Thaw, and by his brother, Josiah.

"I have come to give Harry the support of his mother's presence in his fight to keep away from the mad house," said Mrs. Thaw.

It was the second attempt of the fugitive's mother to meet him since his escape from Matteawan. Although in feeble health, she had made the long trip from her home at Cresson to Montreal a few weeks ago in the expectation that Harry would be brought into court there. But the unexpected action of the Dominion immigration authorities in banishing him from Canada, which resulted in his coming to this State, made her journey fruitless.

Harry greeted his mother and his brother affectionately and the party retired to the apartments which had been reserved for Mrs. Thaw. There they spent much of the evening, while downstairs the large staff of Thaw's attorneys went over their plan of campaign.

Tomorrow's proceedings are based on the request of the State of New York, for the extradition of Thaw on a charge of conspiracy in connection with his escape from Matteawan.

The only point definitely settled tonight about the hearing before Governor Samuel D. Felker was that it will be held in the Senate chamber at the State House, beginning at 1. A. M.

After the extradition warrant has been read it will devolve upon the representative of the State of New York, probably William T. Jerome, to set forth his case. Mr. Jerome was not in town tonight and nothing could be learned as to his plan. The repeated failure of the Dutchess county, New York, grand jury to return an indictment against Thaw has greatly handicapped Jerome, in the opinion of close followers of the case.

Any attempt to postpone the hearing will be vigorously opposed by the Thaw lawyers, one of their number said tonight. "Previously" he said, "counsel for Thaw have been fighting for delay. That time now is past. We are moving forward toward Thaw's freedom and we shall ask the Governor to decide the matter without delay."

Governor Felker today saw the fugitive for the first time. At noon and again this evening their glances crossed as they looked about the hote' dining room. Each manifested interest in the other, but there was no introduction.

Governor Felker, after a consultation with his advisers at the State House late today, announced that the hearing would be presented in the Senate chamber of the capitol tomorrow morning and that only members of the bar and newspaper representatives would be admitted.

When asked the effect upon the proceedings of a possible failure of the Dutchess county grand jury to indict Thaw for conspiracy the Governor said that this point had not before been called to his attention, but that it might complicate the situation so as to require an opinion from the attorney general of New Hampshire as to the status of the extradition petition.

Thaw Talks of Future.

After consultation with his mother and brother, Thaw tonight gave out a statement in which he denied a report that he was to become a citizen of Manchester.

"No one in Manchester wants me," he said. "What our friends in New Hampshire want is the defeat of this dishonest attempt to extradite me to New York. Every one knows that this charge is only a subterfuge to be dropped as soon as I should reach New York. The grand jury in Dutchess county knows it is a fraud and already have refused to indict. The grand jury won't indict, the requisition is too flimsy and my mother and I hope at last to go home in peace.

"While anyone would be proud to be a citizen of New Hampshire, I feel that as I am not one my place is in Pennsylvania where I belong and where my mother, who has undergone so much strain, lives. My desire is to see her again in peace and comfort such as we enjoyed before we became the target for the attacks of a few rich and influential gentlemen in New York. We hope New Hampshire will help us on our way home."

No Bill by Grand Jury.

Poughkeepsie, N. Y., Sept. 22.—The Dutchess county grand jury that has been considering the conspiracy charge against H. K. Thaw adjourned today for two weeks without having found an indictment against him. The only information District Attorney Conger would give out was that the grand jury had not reported on the Thaw case.

The matter was presented to the grand jury several days ago. Last Friday when a partial report was made on otrer indictments, it was persistently reported that a vote had been taken on the Thaw case, and that sufficient votes to indict were lacking.

The case of Howard H. Barnum, the attendant on duty at the Matteawan gate when Thaw escaped, was presented to the grand jury on the conspiracy charge at the same time as that of Thaw. No report has yet been made on his case.

HURRY ALONG CURRENCY BILL

Attempt Failed in Senate Committee. Samuel Untermyer Gives Benefit of His Knowledge—Several Amendments.

Washington, Sept. 22.—An attempt to hurry along consideration of the currency bill in the Senate Banking and Currency Committee failed today at the end of a day of desultory questioning of Samuel Untermyer, counsel for the Pujo Money Trust Committee, of the last Congress. Senator Shafroth, of Colorado, vainly tried to secure an agreement to close the hearings before the committee on Saturday, October 4th.

Senators Reed, of Missouri; Bristow, of Kansas, and Weeks, of Massachusetts, declared emphatically against any attempt to limit the consideration of the bill.

"I think other members of the committee are beginning to see," said Senator Weeks, "that this bill will take up up most of the Fall and I propose soon to call up in the committee the resolution I introduced in the Senate to allow the bill to go over until the regular session next Winter.

Senator Reed declared that hearings were bringing out points of the bill; that they showed necessity for amendment and that he was in favor of hearing everyone who had any important suggestions to offer.

In his discussion of the bill Mr. Untermyer vigorously criticised the provision outlining the character of commercial paper to be used as a basis for currency, declaring that the definition was "hopelessly loose." He said, however, it would be advisable to permit the issue of a certain amount of currency on cotton and grain warehouse receipts.

Mr. Untermyer suggested that making good commercial paper a basis for currency would result in depriving stock exchange speculators of the funds now sent to New York for investment by country banks.

Throughout the day Senators Hitchcock and Bristow insisted the bill should confer on member banks in the system, as a matter of right, authority to go to the Federal reserve banks and demand the re-discount of their paper. Mr. Untermyer opposed this, and also vigorously condemned a scheme proposed by Senator Bristow whereby the regional reserve banks would be eliminated and the member banks allowed to go directly to the government to secure money on commercial paper. The lawyer agreed with Senator Nelson that the reserve notes should be made redeemable in gold and not in "gold or lawful money" as provided by the bill.

Mexican Rebels Dynamite Train

Laredo, Texas, Sept. 22.—Fifty persons were killed when rebels dynamited a passenger train on the Mexican National Railway, 60 miles south of Saltillo, Mexico, Friday afternoon, according to official reports to Mexican Federal headquarters in Eneuvado today. The train was then looted and the surviving passengers arrested, it is said.

Forty Federal soldiers and ten second-class passengers comprised the official death list. The number of injured was not given.

W. W. Mervain, of San Francisco, the only American on the train, is said to have asked relief, but was robbed.

Two dynamite mines were set off by electricity, it is said. The first class coach was only derailed, but the baggage, express and two second class coaches were blown to pieces.

This evidently was the occurrence referred to in a dispatch from Mexico City which said that a train had been dynamited near the town of Vinegas this morning. The official report received at Nuenvo Laredo, however, said that it occurred last Friday.

Mexico City, Sept. 22.—Rebels dynamited a southbound train on the Mexican National Railroad early today at Vanegas, in the northern part of the State of San Luis Potosi, blowing up the locomotives and the two forward coaches. The casualties are not yet known.

Dispatches from San Luis Potosi, the capital of the State, say that on Saturday rebels estimated to number 1,000 sacked the town of Venado and routed a Federal force of 60 men at LaGuna Seca. The rebels reached Charcas on Sunday, well armed and supplied with dynamite. The attack on the train this morning is presumed to have been done by the same band.

DR. RAPER NAMED.

Correspondent and Adviser of Rural Organization Service.

Chapel Hill, N. C., Sept. 22.—It was announced here tonight that Dr. Chas. L. Raper, head of the Department of Economics of the University of North Carolina, has been appointed correspondent and adviser of the United States Rural Organization Service. The territory which will form the field of his activities embraces North and South Carolina, Virginia and Maryland. He will retain his chair at the University.

Sharon, Pa., Sept. 22.—John Broderick established a new baseball record when he pitched for the Benedicts in the annual game between the married and single men of the Sharon Knights of Columbus. In the seventh inning contest Broderick fanned twenty men and allowed three hits. In the first two innings the crack heaver breezed six batsmen by pitching just nineteen balls. Errors by the catcher made the extra worknecessary.

MILLIONS HONORED THEIR LATE MAYOR

Historic Greenwood Cemetery Receives Body of W. J. Gaynor.

SERVICES IN TRINITY CHURCH

School Children and City Employes Among Mourners in the Street—Flowers Are Sent to Hospitals.

New York, Sept. 22. — Historic Greenwood cemetery, the resting place in Brooklyn of many famous dead, received the body of New York's late Mayor, William Jay Gaynor, at mid-afternoon today after funeral services in his honor that were without parallel in the history of the city. In the presence o fthe family, the honorary pallbearers, including William Howard Taft and city officials among them Mayor Kline, the flag-draped coffin was committed to the grave in the Gaynor family plot. The brief Episcopalian service was read by Rev. Frank W. Page, former pastor of St. John's, the church where the Mayor worshiped.

A million people, it is estimated, saw the funeral cortege move slowly, first from the City Hall, where thousands had witnessed the body lying in State Sunday, to Trinity church, where Bishop Greer conducted the solemn services; then back past the City Hall, across Brooklyn bridge, through Brooklyn streets past the late Mayor's Eighth avenue home and on to the cemetery.

Upon the bridge, hung in black, traffic did not move. City employes stood six feet apart, head uncovered, as the police-escorted catafalque proceeded into the Mayor's home borough. Below the river noise were stilled. Not a craft blew its whistle; not a gong was sounded. The funeral train across the bridge and for a distance in Brooklyn parallel a favorite route of the Mayor, who in all kinds of weather was accustomed to walk to and from the City Hall.

The bell in the tower of the borough hall in Brooklyn tolled for the first time in many years. Numerous church bells also sounded their measured beats, Trinity's first and then in Brooklyn. In Brooklyn public schools turned forth their pupils, who stood among the mourners in the streets. In the Mayor's own neighborhood, clubs and residences were draped in crepe while flags fluttered at half mast.

When the church services had ended the great masses of flowers that had been in Trinity and the City Hall were sent to various hospitals, the choicest among them, orchids and chrysanthemums to St. Mary's, the Hoboken, N. J., institute, where Mr. Gaynor lay after being shot down by a would-be assassin three years ago.

The catafalque was built on the order of a pageant car, twelve feet long, eight feet wide, and seven feet high. The body of the catafalque was made of heavy oak draped in black. The order of the procession, following the police escort, was as follows:

The catalfalque, with the honorary pallbearers, former President William H. Taft, Robert Adamson, Police Commissioner Rhinelander Waldo, Jacob H. Schiff, Hermann Ridder, James Creelman, Mayor Kline, R. A. C. Smith, Dock Commissione r A. R. Watson, Justice Keogh, John D. Crimmins and Edward M. Grout. Lieutenant William T. Kennels, the body bearers, the board of estimate and apportionment, the committee from the board of aldermen, heads of city departments, United States Senators and committee from the Legislature, the justices of the Supreme Court, judges of the lesser courts, city magistrates and the public service commissioners. Major General Thomas H. Barry, U. S. A., commanding Eastern department and his staff; Rear Admiral Winslow, U. S. N., and his staff, and Captain Albert Gleaves, commander of the United States navy yard and staff; commanding officers and staffs of the National Guard of the State of New York; Consular representatives, representatives of the Lord Mayor of Liverpool, and delegations of mayors from cities in New York State, citizens' committee, headed by Seth Lowe; delegation of almost all organizations, clubs and societies, representatives of city departments and borough and county officers.

The city's industries marked time during the funeral services. The municipal departments were closed for the day, the New York Stock Exchange did not open at noon, the Consolidated Stock Txchange and several mercantile exchanges were closed all day. A million school children participated in services in the dead Mayor's memory in every public school house and thousands of firms heeded the request of Mayor Kline that business be suspended for an hour.

Friend of Gaynor a Suicide.

New York, Sept. 22.—Morris Metzgar, a wealthy resident of Far Rockaway Beach, and long friend of the late Mayor Gaynor, hanged himself in his barn this afternoon as Mayor Gaynor's body was being carried to the grave.

The floor of the barn was littered with newspapers giving account of last honors that were being given to Mayor Gaynor.

Friends of Metzgar say he brooded continuously since news of the Mayor's death at sea was received here, and they attribute his suicide to grief at the loss of his friend.

London, Sept. 22.—The strike of London omnibus workers was settled at today's conference of the British board of trade. Under the terms of the settlement the men gain the chief points for which they contended—recognition of their union and representation by union officials in disputes between the companies and their drivers and conductors.

PHILLIES' LEAD FOR SECOND CUT DOWN BY CHICAGO

Divided Yesterday's Bill After Taking Both Sunday.

BRAVES' THIRD STRAIGHT

Boston Took Both Ends of Sunday's Bill and Again Won Yesterday. Hess Had a Single Weak Inning.

The New York Giants Sunday afternoon made their farewell bow to Cincinnati fans by splitting a double-header with the Reds, the former game twirled by Tesreau and Crandall going to the locals, while Ad Demaree and Rube Marquard brought home the bacon in the second engagement. The Giants are enjoying a two-day rest, and will open up on the local lot tomorrow with the Brooklyn Dodgers.

The Chicago White Sox cut down Philadelphia's lead for second place by taking both ends of a double-header Sunday, and splitting another double bill yesterday afternoon. Grover Cleveland Alexander shut out Chicago in the first game yesterday, and the Sox came near shutting the Phillies out in the second contest.

After taking both ends of a double-header from the Cardinals Sunday afternoon, the Boston Braves took the third straight game of the series yesterday. Hess had only one bad inning, in which he allowed the Cards to score their lone tally.

Phillies Split.

Chicago, Sept. 22.—Chicago and Philadelphia today divided a double header. Alexander shut out Chicago in the opener, timely batting giving Philadelphia a 2 to 0 victory. Good control by Pierce and hard batting gave Chicago the second game 5 to 1. The locals are still three games behind Philadelphia in the struggle for second place.

Philadelphia	001	001	000—2 7 0
Chicago	000	000	000—0 4 2

Alexander and Dooin; Humphries and Archer; time 1:22; umpires O'Day and Emslie.

Second game:

Philadelphia	010	000	000—1 8 2
Chicago	000	013	10x—5 9 1

Chalmers, Brennan and Killifer; Pierce and Bresnahan; time 1:40; umpires O'Day and Emslie.

Braves' Third Straight.

St. Louis, Sept. 22.—Boston defeated St. Louis today 5 to 1. Hess was strong in all but the second inning. Boston scored three times in the first inning, without a hit. In this inning, after two passes and an error filled the bases, Griner gave way to Trickell, who was fairly effective, but received ragged support.

Boston	310	000	001—5 5 0
St. Louis	010	000	000—1 5 8

Hess and Rariden; Griner, Treckell and Snyder; time 1:45; umpires Klem and Orth.

MR. GEORGE FRENCH DEAD.

Young Business Man of Lumberton Found Dead in Bed Yesterday.

(Special Star Telegram.)

Lumberton, N. C., Sept. 22.—Mr. George French, 35 years old, died at his residence here at an early hour this morning. Mrs. French was in conversation with him after midnight, remaining with him until he went to sleep. When she entered his room at 7 o'clock to wake him, she found him dead.

Mr. French had been a great sufferer from Bright's disease for the past two years, and had spent the Spring and Summer at different hospitals and springs, returning home about a month ago, since which time he had been looking after his business up to a week ago, when he was taken sick again.

His sudden passing is a great shock to the community. Mr. French is survived by his wife and two small children; his mother, Mrs. J. W. Griffeth, of Greensboro, and one sister, Mrs. A. W. McLean, of Lumberton. He was a nephew of Mr. G. R. French, of Wilmington. The funeral will be conducted from the residence tomorrow afternoon at 3 o'clock and the interment will be made in Meadow Brook cemetery.

MRS. J. P. BROWN ILL.

Recovering After Operation for Appendicitis Last Week.

(Special Star Correspondence.)

Fayetteville, N. C., Sept. 22.—Friends throughout the State will be interested and pleased to know that Mrs. J. P. Brown, of Fairmont, is rapidly recovering from an entirely successful operation for appendicitis at the Highsmith Hospital in Fayetteville last Wednesday. The operation was by Dr. Highsmith and friends of Mrs. Brown hope for her early return to her home here.

Rains have fallen copiously in this section, interfering somewhat with the gathering of crops. The fair and cooler weather now is appreciated by farmers unless frost puts in an appearance, which is regarded as very unlikely.

Seeking Waivers On Chappelle

Chicago, Sept. 22.—Waivers have been asked by the White Sox management on Larry Chappell, the outfielder who cost $21,000 in cash and players, and he can be bought now for $1,500, the waiver price, according to reports emanating from American League headquarters here.

Chappell has been with the Sox a month and a half, and has batted only a little over .200 in 32 games. He was purchased from the Milwaukee American Association, and was sought by several major league teams.

Chappell is the second high-priced ball player purchased from the minors who failed to deliver for the Chicago team. Russell Blackburne, shortstop, cost $11,000 several seasons ago, and was sent back to the minors.

THE ETERNAL DOPE.

(By Grantland Rice.)

We note by the dispatches that the St. Louis Browns have drafted an unusual number of budding young bushers. And yet, we had been informed up to this moment, that the White Slave traffic had been almost broken up.

Boy, Page H. Fullerton.

With the Giants and Phillies carded to play off that one inning of the forfeited game, we are reminded again that this is where we miss Old Hughie Fullerton. Hughie could furnish the records of 3,427 ball games and cite from these exactly the number that had been won in the ninth inning with one man out.

The board of directors of the National League was on the verge of awarding that forfeited game to the Phillies and regarding the Giants' half of the ninth a useless effort anyway when young Mr. Saier saved the day for McGraw. He came up about that time in the ninth with two out and poled a four base blow, thus showing again that a number of things can happen in the ninth if they are started properly and worked in the right way.

Aye, Aye, Sandy.

Of all sad words that fortune frowns
The saddest are "drafted by the Browns."

Hans Wagner, the grandest ruin on the continent, is still flirting around .300 or a trifle below it. He is one or two points shy, but we have a hunch that the force of sixteen years of habit will come through at the proper moment and hoist him over. Hans has never hit below .300 in his career and he is too old to leave a new habit at this date.

"No pitcher," announces a Contemp., "who works in only 45 or 50 games, can be as valuable to a ball club as a fine outfielder or infielder who works in 150 games." If the author of these lines will drop around some we'll be glad to introduce to him a fellow by the name of Walter Johnson. Evidently the two have never met. They should know each other.

The death grapple of the Yanks and Browns for last place makes one regret that old Doc Plutarch, the well known historian, is no longer on deck with his fountain pen. He never drew better material for a yarn. First call for thirteen Easterners and one-third of a Westerner on the 1913 All-American football team.

Speaking of that Giant-Phillie play-off game, we know of several ball clubs that would make quite a bit by playing one inning for a game in place of nine.

Mack Getting Ready.

Philadelphia, Sept. 22.—Now that the Philadelphia club has won the pennant of the American League, preparations will at once be started by Manager Mack to tune up his team for the world's series next month. The first month towards this end will be the easing up on the Athletics' players, all of whom will be given holidays from time to time. Several of the players are suffering with bruises or other injuries and they will be given plenty of opportunity to get over their ills before starting the hard contention for the blue ribbon event.

Manager Mack today said he would at once start to put in substitutes.

"I will give some of the veterans a holiday tomorrow," said Mr. Mack. "By the time we reach Washington for a series, which will start next Monday, I may have an entire team of substitutes. This will depend upon whether I think the regulars will be benefitted or otherwise by a lay-off at this time. The hard work of preparing for the world's series will be done in this city in the final series with New York."

DOPE FOR WORLD SERIES FANS THE GIANTS 6; ATHLETICS 5

Adherents of the Giants and Athletics experienced a slight state of perturbation last week when both leading teams encountered the inevitable slump. It lasted long enough to make the followers of these two teams skeptical of their favorites' chances of landing the pennant in their respective major leagues.

Now all is quiet and serene. Those who idolize the Giants and Athletics have recovered sufficiently from the shock to resume their interrupted argumentation of how these teams will fare in the impending world's series.

Delving deep into the "dope," we drag out a handful of statistics that may or may not give a line on how the coming struggle will terminate. But figures are figures, and we herewith present a batch of same that furnishes some food for thought.

The 1905 series in which the Giants won four out of five games, was one the like of which will never be seen again, as regards the scoring. Five games were contested, and every one of them produced a string of ciphers for the losing team. Four times the Athletics were on the receptive end of the zeros while the Giants were treated to a string of circles in one contest. Bender was the efficient moundsman for the Athletics in that notable victory which saved the Philadelphians from complete humiliation and rout.

That series was remarkable inasmuch as Mathewson, who is now at the zenith of his pitching power, twirled three shutout victories. He yielded only fourteen measley hits in the three games and never once was he threatened being scored on. Matty's feat probably will be unapproached as long as the world's series are the fad.

Matty registered his fourth straight victory over the Athletics in world's series strife at the outset of the 1911 clash between these two teams. He won the first game, beating the Indian, Bender, but he allowed the American Leaguers their only run in the second inning. Up to this time Matty had pitched 28 scoreless innings against his foes.

"Big Six" Is Unlucky.

The fortune frowned on the big fellow. He was well on his way to his fifth successive triumph in the third game of the series when Baker stepped in with his renowned home run in the ninth inning, tying the score. The Athletics won out in the eleventh. Matty also started to pitch the fourth game, but a flock of hits and runs resulted in his second straight defeat and his withdrawal from the series.

That stolid Redskin, Bender, shared the calcium with "Home Run" Baker in the affray of two years ago. He triumphed in the fourth game over Matty, and made the championship a sinecure for the Quaker folks by outpitching Ames, Wiltse and Marquard in the sixth and final tilt of the series.

Matty has been eminently successful in world's series games, and although he lost his greatest game in last year's decisive battle with the Red Sox, he was proclaimed the real hero of the series.

This will be Matty's fourth appearance in the big series. He admits that the inroads of time are beginning to have their effect, but he will not admit that Bender will show a superior brand of pitching when they meet again. Bender vs. Matty for the fourth time is not at all unlikely when the Giants and Athletics meet in the first game on October 6th.

Composito Inning Score (1905.)

				R	H	E
Giants	200	180	013—	15	2	6
Athletics	001	000	020—	3	24	9

Composito Inning Score (1911.)

					R	H	E
Athletics	114	713	701	02—	27	50	11
Giants	311	100	203	11—	13	33	17

Composite Two Series.

					R	H	E
Athletics	115	713	721	02—	30	74	20
Giants	511	280	216	11—	28	65	23

The Giants, as we note, have the edge on their American League arch rivals, the National Leaguers having won six out of eleven games. But coming down to the numerical angles, the Athletics have shown to better advantage when both big series are combined. They outbatted the Giants, scored the greater number of runs, and made less errors. Which aforegiven dope may be taken for what it is worth. We decline to place any stated valuation on it.

COBB VS. JACKSON

That neither Joe Jackson nor Tris Speaker will be able to catch Ty Cobb in his spectacular fight for the batting supremacy of the American League, has been generally accepted since Cobb's spurt of the past ten days. Speaker is still enjoying a rest, while Cobb batted .500 in the two games yesterday, eight times up and four clean hits. Jackson was given three trials and found one.

Standing to Date.

Cobb	404	155	.384
Jackson	505	188	.372
Speaker	513	189	.368

CONNIE MACK CLINCHES HIS FIFTH AMERICAN LEAGUE RAG

Beat Tigers in Both Games, Putting Athletics Beyond Reach.

NAPS BREAK SENATORS' TIE

Yankees Outhit Clevelanders Two to One to No Avail—Doc Ayres Pitches Winning Ball for Washington.

Philadelphia, September 22.—Philadelphia today won the pennant of the American League for this season and its fifth championship in the 13 years' history of the organization by reeling off two victories over Detroit here today. Detroit was whitewashed in each contest, the scores being 4 to 0 and 1 to 0. Not a fielding error marked the afternoon's work of Connie Mack's combination. Bush held Detroit to eight scattered hits in the opening contest.

The one run needed to decide the issue in the second game was scored in the second inning. DuBuc gave McInnis a pass. The latter was forced by Walsh, who stole second base and tallied on Lapp's single to right field. Pennock twirled for two innings during which Detroit got two hits and a pass. Plank pitched the last seven innings. He was in trouble in the third session when, with two out, Crawford and Cobb each singled and Burns was hit by a pitched ball, filling the bases. Plank then fanned Gibson. In the last six innings Detroit did not get a runner past first.

Detroit	000	000	000—	0	8	1
Philadelphia	020	010	01x—	4	8	0

Dauss and Gibson; L. Bush and Schang; time 1:35; umpires Hildebrand and Egan.

Second game:

Detroit	000	000	000—	0	7	1
Philadelphia	010	000	00x—	1	5	0

DuBuc and Gibson; Pennock, Plank and Lapp; time 1:40; umpires Egan and Hildebrand.

Naps Break Tie.

New York, Sept. 22.—Though New York outhit Cleveland more than two to one today, the visitors took the game 5 to 4. Nine Cleveland players walked and three of the passes were converted into runs.

Cleveland	202	010	000—	5	7	0
New York	110	020	000—	4	16	2

Falkenburg, Steen and Carisch; Schulz, McHale and Gossett and Sweeney; time 2:08; umpires Connell and O'Loughlin.

"Doc" Ayres Again.

Washington, Sept. 22.—Washington played miserably in the field today and St. Louis had little difficulty in winning 7 to 5. The defeat, with Cleveland's victory over New York, ousted the locals from second place, which they had held with the Naps.

Ayres, a recruit from Richmond, pitched a splendid game while on the mound. He went along for six innings in great shape, holding St. Louis to three scattered hits, only one of which was clean. In the seventh he allowed his fourth hit and then Washington went to pieces.

St. Louis	001	000	510—	7	7	2
Washington	010	020	200—	5	7	7

Leverenz, Mitchell and McAllister and Agnew; Ayres, Boehling and Henry; time 2:25; umpires Dineen and Sheridan.

BANKER TY COBB.

Signed Several Hundred Bank Notes in Washington Saturday.

Washington, Sept. 22.—Collectors, doubtless will be on the lookout soon for some National bank notes which were signed a few days ago by "Ty" Cobb, center fielder of the Detroit Baseball Club. When the star player was here recently he visited the Treasury Department. While being shown through he asked to see some of the bank notes of the First National Bank of Lavonia, Ga. On informing the officer in charge that he was a director in that bank, and as such entitled to sign money printed for that institution, the ball player placed his signature on several sheets of the notes.

New York is the first State to adopt the double Governor system.—Detroit Free Press.

Will The Giants Again Crumple?

New York, Sept. 22.—Now that it is a certainty that the Giants will represent the National League in the coming world's series, the fans are wondering if McGraw's men are going to repeat their heart-breaking performances of last year by crumpling up at every critical period of the play.

This uncertainty is doubtless one of the things which make the national "pasttime" the absorbing thing that it is.

The two men in the Giants' camp who had to bear the onus of responsibility for last year's upsets are Fred Merkle, first baseman; and Fred Snodgrass, one o fthe best outfielders in the game. It will be remembered that the latter muffed a fly ball during one of the games in Boston, which let in the deciding runs for the Red Sox. In the same game, Merkle failed to go after a pop foul by Speaker. This lapse cost the Giants the game.

The fact that these same men pulled plays of incredible brilliancy on other occasions during the series did not help the result in the least. That these errors were the effect of nervousness and anxiety to win is obvious, but Merkle and Snodgrass are both seasoned veterans now and should be able to hold themselves under control in even the most trying situations.

But as long as baseball is played there will be some who will shine beyond their wonted splendor in world's series and there will be others who will play far below their normal standard. It is a matter of temperament.

WEATHER OF ALL KINDS.

Storms in Ontario—Frosts in Tennessee, Carolina and Elsewhere.

Fort William, Ont., Sept. 22.—One of the worst storms in years has been raging here for 24 hours. All steamers due to sail yesterday remained in port, while many boats which left Saturday were forced to take shelter near Thunder Cape.

The storm not only interfered with lake navigation, but also delayed railroad trains and downed wires. The steamer Huronic, of the Northern Navigation Company, went aground when her cable broke at drydock but afterward was pulled off by tugs.

Nashville, Tenn., Sept. 22.—The first frost of the season covered Middle Tennessee and Western Carolina last night. Apparently little damage to crops will result. Only four times in the history of the local Weather Bureau have earlier frosts been recorded.

Pensacola, Fla., Sept. 22.—Today's weather established a record for this section. The temperature dropped to 55 degrees, the coldest September day ever reached here.

Huntsville, Ala., Sept. 22.—The first frost of the year was seen here this morning, the earliest in 14 years, little damage to crops is reported.

Tampa, Fla., Sept. 22.—The mercury today reached the lowest point it has touched in September since 1897. This morning at 6 o'clock it registered 59 degrees. The maximum for the 24 hours was 78. The same temperature prevailed here last Christmas day.

When It Comes to Using

ICE

The Independent Ice Company

without doubt offers in all respects the best Ice to be had in this market.

The water used is drawn from deep wells and is clear, pure and cold; it is distilled and double filtered, then reboiled making it absolutely pure.

It is then frozen at a very low temperature making Ice of the highest sanitary quality.

The best authorities on analytical chemistry prove our claim that no purer Ice than ours can be made.

Our Ice cuts clear and sure thus avoiding the waste in using so noticeable in other makes of Ice; therefore, careful and discriminating consumers will make no mistake in calling for our Ice on the grounds of purity, economy and general satisfaction.

Our delivery service is of the highest efficiency, combining certainty with celerity—early and late, and all the time on the job.

Our increasing sales prove in the most conclusive manner that we are serving the public with the real stuff.

Very truly yours for good, hot weather,

The Independent Ice Company

CHAIRMAN TRAVIS' STATEMENT

Head of Corporation Commission Thinks Well of Railroads' Offer on Freight Rates—Declares Criticism Unfair.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 22.—Governor Craig said this morning that he has received comprehensive criticisms of the amended proposal from the railroad companies for the settlement of freight rate differences in this State from J. C. Forester, rate expert, of the Greensboro Chamber of Commerce; from Mr. Ryan, rate expert of the Furniture Manufacturers' Association, of High Point, and is expecting one from Mr. Hillman, rate expert retained by the State Legislative Commission on freight rates.

The Governor says he wishes to get in these criticisms and study them carefully before he finally makes up his mind as to whether or not he will recommend the adoption of the proposal by the Legislature to convene in special session this week.

Chairman Travis' Statement.

Before leaving for Charlotte Chairman Travis, of the Corporation Commission, said with reference to criticisms of the last proposal of the railroads for the adjustment of rates:

"The misconceptions appearing in some State papers of the last propositions submitted by the railroad companies make it advisable that an additional statement be made. The present situation involves too much of good or evil for the State to permit the public mind, or any considerable part of it, to be misled by misrepresentation. The concessions offered are too far reaching and industrial and commercial peace is of too great value to the State, to permit their being imperiled by the unthinking or the misinformed.

"I take the responsibility of saying that there are no jokers or tricks in the proposition submitted by the railroads. From impressions gained in my long negotiations with them I have not the slightest doubt that, if the proposition is accepted, they will live up to it in letter and spirit.

"It is not true that the whole proposition is dependent upon future concurrence of their connecting lines, as has been prominently asserted.

Offer Absolute Contract.

"They originally entered into an agreement to adjust the inbound rates from the West. They now offer an absolute contract to adjust rates, upon the basis of very substantial reductions, both inbound and outbound from and to the West, definitely stating the amount of the reductions to all parts of the State, and especially describing 'the West' to be all of that part of the United States north of the Ohio river and west of the Pittsburg-Buffalo territory, and all territory west of the Mississippi river from which rates make Mississippi or Ohio river crossings.

"They offer an absolute contract for a substantial reduction on all important iron and steel commodities from Buffalo-Pittsburg territory. They offer an absolute contract for reduction of all rail rates from northern and eastern territory so as to in no case exceed the combination of locals which results in important reductions.

"Another big concession is added to the proposal of sweeping reductions in inter-State freight rates offered by the railroad companies for the settlement of the difference with North Carolina shippers and State authorities. This is a cut of $24 per car on mixed furniture from North Carolina points to inter-mountain territory, which includes Spokane, Tucson and all points having the same base for rates and extending through a good part of the northwest and points like Duluth, St. Paul and others."

Chairman Travis returned from Washington last night and gave out a statement to the above effect. These rates have been under consideration since September 10th, but could not be included in the last amended proposal because the railroad companies had not gotten the necessary adjustments with western connections on these concessions.

Rates on Furniture.

Mr. Travis also reports a reduction of $12 per car on furniture from North Carolina points to Chicago and all points based on Chicago. These concessions are very important to the furniture manufacturing interests of the State. The $24 per car on furniture concession gives North Carolina shippers the Virginia cities' rate on furniture.

Chairman Travis declares that the adverse criticism of the pending proposal by the railroad companies for rate settlement is due to ignorance of the contents of the proposal and not to any knowledge of the rates.

The impression prevails here that Governor Craig will recommend to the Legislature the acceptance of the proposal in the main with probably some further adjustment of special features.

With the convening of the Legislature in special session Wednesday there remains very little time for any further adjustment before the whole matter goes to the law-makers for final action as to acceptance or a declaration of intra-State war on the railroad companies.

Chairman Travis has gone to Charlotte to join the other commissioners there today in a special hearing on the petition of citizens for the railroad companies to be required to provide a properly located union station.

Rev. Henry M. Wilef, formerly of Mayodan, and Rep. Cyprian Wilcox, the latter to be assistant rector of Christ Episcopal church, this city, were ordained to the priesthood with impressive ceremonies Sunday in Christ Episcopal church. Bishop Joseph Blount Cheshire, bishop of the diocese of North Carolina, officiated and the candidates were presented by Rev. J. W. Smith, of Charlotte, and Rev. S. S. Bost, of Durham. Rev. M. A. Barber, rector of the church, also taking part. Also Mr. Clarence G. Prosperi, who has pursued his studies in Statesville, was presented and ordained to the deaconate.

Requisitions Issued.

Governor Craig issued requisitions today on the Governor of Alabama for William Cleveland and H. M. Ayer, alias Powell Smith, both wanted in Mecklenburg county for false pretense. Cleveland issued a worthless check to York Bros. & Rogers for $36 and Ayer a worthless check to Gilmer-Morse Co., for $13.50 for shoes.

There was also a requisition today on the Governor of Virginia for C. E. Townsend, Nash county, who is wanted on the charge of defrauding J. D. Bullock, of Nash county, out of $250 through representing himself to be the manager and agent of the Norfolk Motor Car Co., and pledging to make him agent for the Brush automobiles in his territory and supply 10 machines at 15 per cent discount.

A charter is issued for the Henderson Garage & Machine Co., of Monroe, capital $25,000 authorized and $5,000 subscribed by G. F. Henderson and others for general automobile sales and garage business.

Major W. A. Graham, Commissioner of Agriculture, has gone to Wilkesboro to attend the Wilkes county fair which will be in progress this week, and promises to far outstrip all previous Wilkes fairs.

Commissioner of Insurance James R. Young says his forthcoming report on the condition of building and loan associations will show great progress and declares that it is clearly evident that the adoption of the building and loan principle in providing rural credits will go far toward helping to solve the matter of farm finances so much discussed now.

The department took over the supervision of building and loan associations in 1905 when there were only 41 associations in the State with $2,542,988 assets and $2,427,065 loaned out. The forthcoming report will show 131 associations with assets aggregating $9,581,773 and undivided profits aggregating $444,316. There are 243,544 shares of stock in force held by 22,308 white and 3,752 colored persons.

The Wake county Superior Court will continue this week making three weeks for the trial of civil causes, there being 30 cases yet to be tried. Judge Cooke adjourned court Saturday until Monday in the midst of the trial of John Teachey for the robbery of the Levister drug store. Solicitor H. E. Norris will have to be out of the city all of the week and ofrmer Solicitor Armistead Jones will serve as solicitor in his stead.

Records in the office of the State Commissioner of Insurance show that there was written during 1912 $44,759,350 of ordinary and $8,664,292 of industrial insurance, that the premiums paid were $6,066,154 and the losses incurred $1,950,040. The insurance in force December 31st, 1912, was $170,972,820 ordinary and $27,476,417 industrial, the two classes aggregating $198,449,237.

WAVE OF SUICIDE AT NEWBERN.

One Dead and Two Others Saved from Poison in the Nick of Time.

(Special Star Correspondence.)

Newbern, N. C., Sept. 22.—A wave of suicide seems to have struck Newbern and in consequence one person is dead and two are in a precarious condition.

Early last Saturday morning a week ago, Adolph Roberts, proprietor of the Commercial Printing & Rubmer Stamp Works, fired a bullet into his brain and death was instantaneous. A day or two later Mrs. John Agent, a bride only 17 years of age, who lives on Pasteur street, became dissatisfied with life and swallowed several bichloride of mercury tablets was discovered a short time later and a physician was secured in time to save her life.

Last Saturday Mrs. Frank W. Lloyd, a bride of three months and whose husband is a lumber broker, became despondent and swallowed a large quantity of nux vomica with suicidal intent. Fortunately a doctor was in the neighborhood at the time and was on the scene within a few minutes. No time was lost in getting the poison out of the woman's stomach and she is now considered to be out of danger but her condition is still serious.

When questioned as to why they attempted to end their lives, both Mrs. Agent and Mrs. Lloyd replied that life had become boresome and that they had no further inclination to live.

YATES-BLAKE WEDDING.

Beautiful Wedding of Young Couple Takes Place Near Chadbourn.

(Special Star Correspondence.)

Chadbourn, N. C., Sept. 22.—A beautiful wedding took place at the home of Mr. and Mrs. M. B. Blake near Chadbourn, Wednesday evening the 17th, when Miss Lonnie Lee Blake, their attractive daughter, became the bride of Mr. Frederick Rowland Yates, the ceremony being performed by the Rev. F. T. Wooten. The colors were white and green and the home was picturesquely beautiful with its decorations of ferns and Southern smilax. Under the deft touch of Miss Kate Griffin the enchanting melody of Wagner's Lohengrin Wedding March floated softly as the bridal party entered the parlor, Mr. Howard L. Williamson with Miss Addie Blake, who wore pink brocade satin and carried a boquet of pink Killarney roses; Master Cecil Griffin, of Cerro Gordo clad in white linen, carried the ring in the heart of a Bride rose; followed by the bride and groom, the bride wearing white crepe meteor with bodice of chiffon and real lace, finished in pearls.

After the ceremony, amid congratulations and showered with rice, the couple left for Washington and other places on their honeymoon, and will be at home after the 24th near Chadbourn. Hosts of friends wish them many happy years of wedded life.

WOULD ALMOST FALL ASLEEP

During Ordinary Conversation, and Became Breathless After First Few Words.

Westhoff, Texas.—Mrs. Evie L. Powell, of this town, authorizes the following for publication: "I had terribly nervous, trembling, and smothering spells, and became so weak I could hardly get around. Would almost fall asleep during a common conversation, and became breatheless after the first dozen words.

I thought I had lung trouble, but found it was all caused from womanly weakness.

I then commenced using Cardui, the woman's tonic, and the first bottle gave me relief. Am now feeling fine, and just as wide awake, and as lively as anyone.

I know I would have been a wreck had it not been for Cardui, and I do not think enough can be said in favor of this great woman's medicine. I gained more strength from one bottle than anything else I ever tried. I recommended it to all women or girls who are without the glow of health on their cheeks."

These nervous, trembly, smothering spells which Mrs. Powell describes, are very common symptoms of womanly trouble, and should be given the proper treatment to prevent a general breakdown.

For over fifty years Cardui, the woman's tonic, has been building up weak, nervous women to strength and health. It will do the same for you, if given a fair trial.

Get a bottle of Cardui today.

N. B.—Write to: Chattanooga Medicine Co. Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

Tuesday, September 23, 1913.

A woman's idea of men who criticise women for showing off in the latest style of feminine apparel, is that the critics make a shocking exposure of their unblushing inconsistency.

The Republican Senators are yet in Washington. They failed to defeat tariff revision but they won't go home till they can do their best to do what they can against currency reform.

A business man who has good judgment is better equipped than a man who is given credit for his conservatism. A man may be so conservative that a good opportunity may pass by before he can recognize it.

"The Republicans must come to us," declares Colonel Roosevelt. "Us" means the Colonel and his Progressives, but as they have nothing but third termism and a very wordy platform, there is nothing to come for.

The Governor of Kansas expresses the opinion that the Legislatures should be abolished. Well, it would be safer for Governors who might like to do as they please without being called to a halt.

A petition has been gotten up in the West asking President Wilson to pardon Harry Thaw. Those Westerners don't know the President has no authority in the Thaw matter, but at the same time they know how to sell the East a gold brick.

The first mile of good road in Yadkin county has been built by private subscription. The road is to be 12 miles in length and will extend from Jonesville to Jennings, Iredell county. This shows us that private citizens can be more enterprising than their counties.

More home training and more Sunday school work that isn't tiresome or boring to children will do what it is impossible to do by many laws that aim to make people good. Some of the laws for the regulation of morals are more rigorously and severely enforced than are some of the judgments against men who carry concealed weapons and often commit assaults with intent to kill. Just so the victim happens not to be slain, seems to justify light punishment, too often being "judgment suspended on payment of costs." The punishment ought to fit the crime or the misdemeanor, whether the defendant is a man or a woman.

If the Legislature does not adopt a resolution at the outset limiting its activities to the biggest problems at hand, those of Statewide importance and not many of them, the chances are it will be swamped and the Governor will be given opportunity to exercise his prerogative of calling for another twenty days' session. Beginning with tomorrow, Raleigh will be a seething mass of interests clamoring to be heard, each vociferating that it is of paramount importance. If the members of the Legislature can manage to keep their heads in the turmoil which will burst upon them in the morning and snatch an equitable adjustment of the rate question from the maelstrom, they will have earned enough encomiums to solace their old age. We anticipate a whale of a time at Raleigh for the next three weeks.

THE LEGISLATURE'S CHANCE.

The North Carolina Corporation Commission took the hook, but it remains to be seen if the Just Freight Rate Association, Governor Craig and the Legislature will have any broader conception of the transportation question than the commission that recommends a compromise that binds a State not to exercise its sovereign function. The State of North Carolina ought not to make bargains and compacts with anybody. The State cannot afford to compromise its power and the rights of the people by any sort of truce. The State ought to pass just and wise laws and compel the people and the corporations to obey them.

The Democratic State of North Carolina would barter its sovereignty if it should grant special privileges and specious exemptions to any man or any corporation. The State should not permit its citizens to be unjust to capital or corporations, and it should not permit corporations and combined wealth to be unjust to its citizens. Wise laws ought to define the rights and privileges of individuals and corporations and all ought to be fed out of the same spoon. The people of North Carolina want a showing and the railroads also ought to have a showing but not a privilege to handicap the people.

The masses of North Carolina are dependent upon to develop the resources of the State. The railroads are merely incidental to that development, as they furnish a part of the facilities for development. If they handicap industry, agriculture and commerce by discrimination they do contribute their share to the development of the State. On the contrary, they handicap it and make progress impossible. Discriminatory freight rates prevent North Carolina from having an equal chance with other States in the opportunities for development, for freight rates can become so unequal as to be prohibitory of enterprise, industry and thrift. Prohibitory discrimination would drive population and capital from territory that is denied fair advantages, and that would be a poor policy on the part of the carriers, for they would suffer themselves by putting a stop to development.

Therefore, North Carolina ought to act through its Legislature which convenes in extra session tomorrow. It ought to act in order to save the people from the railroads and save the railroads from themselves and the people. The State has made out a clear case of ruinous discrimination in freight rates, and the Legislature has the power to remedy it if it will do it by wise legislation. However, no legislation would be wise that would compromise the State's right to reap the natural benefits from its ports and waterways.

All the compromises offered by the railroads seek to bind the State to an agreement to permit them to continue to prevent the water competition that the government is spending millions of dollars to aid the State in securing. The State cannot be a party to depriving itself of what the government is trying to provide for it by improving its ocean gateway and the State's waterways.

The railroads' attorneys ought to aid in securing a just and open compromise if there is to be such a thing. They express fear that the Legislature will pass laws that will be confiscatory to railroad interests, but they forget that discriminatory freight rates are confiscatory as far as the people are concerned. There should be just laws that will prohibit confiscation by the railroads as well as confiscation by the State. There should be no action that would in any way make North Carolina help the railroads deny the State the advantage of water transportation for the development of its commerce.

USING WATER FOR DISTRIBUTION

Columbia is illustrating the advantage of river navigation by taking advantage of the advantage. While doing newspaper work in Columbia, we used to boom "navigation of the Congaree," and got dubbed "the navigation crank.' We were proud of it, and we are proud to be able to point to Columbia as an example showing the value of the country's waterways to the distributing points which are so fortunate as to be in a position to use them to advantage.

Not very many years ago there was no steamboat service between Columbia and Georgetown, but the Columbia Railway and Navigation Company now operates three steamers on the Congaree and the Santee. The line has a splendid patronage and water transportation is making Columbia an important interior distributing point. That city has become a distributing point because its merchants recognize the utility and economy of water transportation and are making it serve them to good purpose.

The Clyde Line steamships connect at Georgetown with the Columbia line, so that distribution from New York reaches Columbia by an all-water route. Columbia houses saw in that all-water route an opportunity to handle large shipments by water, and so the river line prospers on account of their patronage and Columbia is gaining prestige for being able to distribute largely into a country rich in natural resources and powerful in its industrial development.

The Columbia Record of Sunday, notes the arrival of the steamer City of Columbia with a large cargo including 50,000 pounds of plumbers' crockery from the potteries at Trenton, N. J., a carload of shotgun shells and a solid carload of flour. Besides that, many wholesalers received large consignments of groceries. Recently The Star noted that Columbia was handling carload lots of starch and matches, and doubtless these are only a few commodities that Columbia is distributing by reason of its low water rate. It is a business that is growing and furnishing the rail carriers a large amount of business out of Columbia. Possibly, also, they are handling shipments into Columbia for the water haul to New York.

Columbia's third steamer began her regular trips this week, having arrived in Columbia Sunday. The three boats give a fine service, and it is an advantage to Wilmington since the Clyde steamers en route to Georgetown stop first in Wilmington where they can load Wilmington shipments for Santee river, Congaree river and Waccamaw river points. Thus freights can be shipped by an all-water route from Wilmington to Columbia, an advantage which several business houses here appreciate in a practical way.

THE STAR'S ANNIVERSARY.

Today is the forty-sixth anniversary of The Morning Star and consequently today its ninety-third semi-annual volume begins with this issue. The beginning of the new volume and year, coincident with its purchase of a home of its own, makes the paper feel like congratulating itself on its birthday, but it refrains from doing so because of its time-honored modesty, preferring to let the paper speak for itself.

In this connection, it might be said that this is not the first time that The Star has had a home, for it was published in its own building so long as it was owned by Major. W. H. Bernard, its founder, who was at the office yesterday as he was nearly half a century ago when he was busy getting ready to start North Carolina's oldest daily newspaper and his interest in which and love for which has never abated. The Star can turn aside from a congratulation of itself on this occasion to wish a "top of the morning" to the Major and felicitations upon his having builded so well.

BIG INCREASE IN EXPORTS.

The prosperity of this country is indicated by an increase of $20,000,000 in exports during the month of August, as compared with the exports of August, 1912. During August imports declined $17,000,000, showing that we are selling a great deal more than we buy.

During August the country's exports totaled up $187,812,636, compared with $167,184,871 in August, 1912. The strong market abroad for American products indicates a prosperous year, and while this country will buy meats abroad this year, the prospects are for a big balance of trade in our favor.

Graham Crackers are wholesome. They are nourishing. They are palatable and appetizing. Just ask your grocer for a package of

NATIONAL BISCUIT COMPANY

GRAHAM CRACKERS

and find out how good they are. Give them to the children—they can't get enough of them. Keep a few packages on the pantry shelf for daily use. Always look for the In-er-seal Trade Mark.

CURRENT COMMENT

Of course the new cotton mill, which will add some 4,000 to Greensboro's population, is by no manner of means the only new enterprise that this town has gathered in recently, but, for the benefit of the Winston-Salem Journal and the Charlotte News be it explained, that we have got so we don't count them at all unless they bring in at least a couple of thousand people.—Greensboro News.

There are no stronger evidences of the fact that North Carolina is waking up and beginning to realize something of her opportunities than the fact that, aside from the work of co-operation from the State departments, the progressive counties of the State are electing farm demonstrators, whole-time county physicians and more capable and experienced superintendents of education and are rapidly increasing the mileage of improved roads.—Charlotte Chronicle.

There are conditions attached to the offered reductions in inter-State freight rates to North Carolina by the railroads which in themselves would forbid the acceptance of the latest proposition which has been made. And these conditions are outside of any matter of actual figures of reduction which, however, should be inspected with the greatest care. North Carolina cannot afford to accept the proposed reductions with these hedged in by provisors that these are first to be submitted to the Inter-State Commerce Commission for their adujudication, and that for two years the State will sit idle without any attempt to have a reckoning as to any matters of freight rate adjustment, either inter-State or intra-State. Such a promise on the part of the State would be a humiliating obeisance to railroad domination and should not be entertained.—Raleigh News and Observer

Last Summer when Clerk Maxwell, of the Corporation Commission, made his speech suggesting the development of a steamship line for Wilmington as a buffer against unjust freight rates, he was denounced as a tool of the railroads and an enemy to the cause. Now, because Chairman Travis has succeeded in securing concessions from the railroads so advantageous as to receive favorable consideration, a Wilmington man brands Travis as not "being fit" to hold the chairmanship of the commission. Since the Corporation Commission has unanimously advised the acceptance of the proposition made by the railroads through Travis, we will be prepared to hear a demand for the crucifixion of the entire body. There seems to be as much prejudice against the State Corporation Commission as there is against the Inter-State Commerce Commission and there is just about as little foundation for it, too.—Charlotte Observer.

There is less opposition to the Currency bill on account of the substitution of government for bank notes than might have been expected from the banks. Hardly a voice has been raised from the National banks in opposition to being deprived of the right of issue. This must be due to the fact that the note privilege is of far less value than it was when the interest on government bonds was high, and to the further fact that the elimination of National bank currency will be very gradual. All the National banks outside of 50 cities are classified as country banks, and these are beginning to look with marked disfavor upon the changes which the pending measure will make in their profits. They will be required to keep a little less reserve than under the present law, but three-fifths of their present reserves can be kept in the banks of the big cities, where it draws usually 2 per cent. Not more than a third of their reserves under the new law can be placed where it will earn anything.—Philadelphia Record.

THE STAR'S NEW HOME.

The Dispatch felicitates its neighbor, the esteemed, able Morning Star, upon the purchase of a handsome new home, which is to be modernly equipped as a newspaper plant, and thereby make the already fine service being rendered by The Star even finer. Our contemporary has purchased the large handsome brick structure, on Chestnut street, near Front, occupied for several years by the Southern Express Company, and expects to move into the new home by the first of the new year. The location is an excellent, central one. The purchase of a new home is another step of enterprise marking the progressive nature of The Star, and which the public of Wilmington should deeply appreciate.—Evening Dispatch.

MR. GORE AND THE BOARD OF AUDIT.

To the Editor of The Star:

Shall we have the Board of Audit and Finance? If I had been a Councilman in the Chamber of Commerce last Friday evening I think I should have felt like the man who butted into a meeting where he was not wanted and was gently asked to retire, but he soon came back and was quietly pushed out with some force. The meeting place was on the second floor and when he insisted on butting in the third time he was put out and kicked down the stairs and out on the sidewalk, he said then that he was satisfied they did not want him there.

What is the use of two chambers? We had the two before and they ran along fairly well as long as we kept the same men in (for Board of Audit and Finance) or men named by the same dominant party. But when a new Governor got in and a new crowd wanted to be the Board of Audit and Finance, then the friends of the former Board of Audit and Finance thought the city government would go to the bow-wows. When the new board got in power a certain crank going about the streets, said if the old board was not restored then there would be no Board of Audit and Finance, after the meeting of the next Legislature, and sure enough the next Legislature wiped out the Board of Audit and Finance.

I think our Councilmen mean well but they are young and remind me of John Jones' speech when he wanted his crop time limit advanced from $100 to $150. He carried the merchant over his cotton about the first of June, and Jones would point out the beautiful cotton, and every time the merchant would say—when pointout—"It's mighty small," then Jones would always say: "But it is young though," and by finally demonstrating the fact that the cotton was young, that it would not be a year old until the next April, he got the $50 increase on his line of credit.

I think our Councilmen have made some mistakes and as they have been kept so much in the limelight, we have seen them; and that is why some of our people want to get the Governor to appoint a boss over them. I am satisfied our Councilmen are honest and mean well; and that all they lack is experience and I think they are getting some experience; also, we, the people, are getting some.

I think further, if the class of people the Chamber of Commerce expects the Board of Audit and Finance to be appointed from, would attend the Councilmen's meetings regularly and do all they can to advise them, do all they can in every way to help them govern well, it would be a great help and in that way we would have the Board of Audit and Finance class to help govern without admitting that government by the people has vanished from the earth.

Has Thomas Jefferson and Abraham Lincoln's slogan gone down in disgrace, and are we to admit the people cannot govern themselves after over 100 years' trial? If our people who think they are better informed than their neighbors (and many of them are) would wake up and take lots of time off and quit thinking of buying cotton-futures, stocks and this filthy dirt in city and country and tackdown to the job of seeing the people in all the walks of life, from the highest dignitary of the church to the poorest and most illiterate man in the city, and get his viewpoint of life and give him theirs, you will have material to make a great speech and one that would do us all good to hear.

What good does business or the making and saving of money do us if money is not used wisely and well to make the world better? It is more or less a curse to the maker.

I think if every man who has the three cardinal qualities of "character, industry and capacity" would go around and get the other fellow's viewpoint and do all possible to put himself in the other fellow's place, it would not be much trouble to elect men of experience and capacity, and when we did that we would need no second board; one board would answer every purpose.

I think the eyes of the people are on the Councilmen, they are in the limelight now and I think we can risk them now.

I read the Bible and try to read it daily but am a poor hand to quote scripture, but I think it says something about when a tree will not bear to fertilize it and try it another year and if it will not bear then cut it down. Now, don't let us plant the Board of Audit and Finance trree yet, but dig around and fertilize the Councilmen tree and if it will not bear then we will cut it down.

Some one said the city government needed a receiver appointed. When we appointed a receiver before for our city we prolonged the appointment, saying the negro dominating the city made it a necessity, but should we go into a receiver's hands again with a board that suits the dominant party I rather think they would think it would be easy to find an excuse to keep in power. Any party in power a long time is said by some of the wise men to be apt to become corrupt. No, I do not want a receiver. We merchants think it is the last thing that we ought to do—to go into the hands of a receiver or into bankruptcy and never do it as long as it is possible to keep out. If the owners or stockholders (the taxpayers) of the city cannot govern themselves, who can? I am satisfied the people who want and those who do not, want a new Board of Audit and Finance want to do what is best, but let us not do anything hurriedly, but each and all of us do all possible to hold up the hands of the present Board of Councilmen and do not lose faith in the people being able to govern themselves. The only way to learn to govern the city is to govern it. You cannot learn to ride horseback by walking, neither can our Councilmen learn to govern without doing it; using their mistakes as stepping stones to higher things.

Respectfully,
D. L. GORE.

Wilmington, N. C., Sept. 22nd, 1913.

CASE OF YOUNG COTTLE.

To the Editor of The Star:

In love and justice of slurs through the papers of Ben J. Cottle in regard to the $1,000 he received from the Carnegie Hero Commission, I wish to say he has never got it. It was awarded him but he only has received $100 and that is every cent he has ever got and he got that when he first left school and helped him pay his school bill with that. The dear boy has got his living with his own work and he is a self-made boy, for his father died when he was a little boy and his widowed mother with six little children was left dependent on him, and when he could only make $1 a week, he carried it to his mother and kept it up for eight years. When his mother married again, he then took care of his sisters and has kept them up even after marriage. He has been a father and brother both to his sisters and now his poor, old grey-haired mother, with such a son as that, has now to know he is on the roads just because he went a little against the law. May God be with him and his loved ones is a prayer from

A LOVING AUNT.

PENDER SUPERIOR COURT.

Judge Rountree Presiding at Term of Civil Court in Burgaw.

(Special Star Correspondence.)

Burgaw, N. C., Sept. 22.—Superior Court for the trial of civil cases convened this morning with Judge George Rountree, of Wilmington, presiding. The docket was called over, but it appeared that nothing was ready for trial before noon.

With a crowded docket, it appeared strange to citizens that a half day should be lost in this way. Court may not last until Saturday, in the opinion of some, though there are enough cases probably, to keep it running a month. The judge is not responsible for this state of affairs, as he is ready to do the work.

Among the out-of-town lawyers are Hon. John D. Bellamy, R. G. Grady and K. C. Sidbury, of Wilmington, and John D. Kerr, of Clinton.

Another of the old landmarks passed away when Mrs. Jane Brothers widow of John Brothers, died at 7:40 P. M. Friday. She was in her 96th year and had been in fairly good health up to a couple of weeks ago, though she had not been able to get about for two years. She leaves four children, all sons. Her maiden name was Hutchinson and she was born near Bannerman's Bridge, this county. She was in all probability the oldest person in Pender. For many years she had been a member of the Methodist church. She was buried in the old Burgaw Creek burying ground beside her husband, Sunday, at 3 P. M. Rev. P. L. Clark conducing the services in the absence of Rev. T. G. Vickers, Methodist pastor.

WOMAN A GREAT SUFFERER

Tells How She Was Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Grayville, Ill.—"I was a great sufferer of female complaints for a year and I got nothing that helped me until I began taking Lydia E. Pinkham's Vegetable Compound. I was irregular and had cramps so bad that I had to go to bed. Now I have better health than I have had for years and I cannot speak too highly of your medicine."—Mrs. JESSIE SCHAAR, 413 Main St., Grayville, Ill.

Case of Mrs. Tully.

Chicago, Ill.—"I take pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with such awful periodic pains, and had a displacement, and received no benefit from the doctors. I was advised to take Lydia E. Pinkham's Vegetable Compound, and am now as well as ever."—Mrs. WILLIAM TULLY, 2052 Ogden Avenue, Chicago, Ill.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Miss Alderman's SCHOOL

The Fall term will commence the First Monday in October (Oct. 6). Boys and Girls are prepared for Business or College. Special attention paid to backward children. Little ones are looked after carefully. For particulars, apply to Principal,

EARSALL MEMORIAL CHURCH

pressive Dedicatory Services at New House of Worship Sunday Night—Sermon Preached by Rev. Dr. McClure.

Pearsall Memorial Presbyterian urch in East Wilmington was for-ally dedicated Sunday night, the im-essive services being conducted by ev. Dr. A. D. McClure, pastor of St. drew's Presbyterian church, assist-by Rev. H. W. Koelling, assistant stor of St. Andrew's. The new urch, a gift of Mr. Oscar Pearsall a memorial to his wife, was pre-nted by Mr. James C. Stewart, airman of the building committee,to r. W. H. Sprunt, acting chairman in the absence of the chairman, Dr. A. D. McDonald, of the board of trustees of St. Andrew's church.

Mr. Stewart in presenting the church said that it was given entirely completed, paid for and insured, and that it had been provided with the latest furnishings and church conveniences. In responding to Mr. Stewart's short talk Mr. Sprunt voiced the gratitude of the large body of Presbyterians and others who rejoice that the church has at last been built in fulfillment of the dreams of those who have labored long and faithfully in that vicinity.

He said that in behalf of the congregation of St. Andrew's church he was glad to present to the new church a pulpit Bible, a gift of the late Mrs. Margaret Dickson to the old Second Presbyterian church in 1860. Later when the church was removed to corner Fourth and Campbell streets, and the name changed to St. Andrew's the Bible was taken there, and has since continued to be used as a pulpit Bible. It now becomes the property of the new church which is a mission of St. Andrew's.

Following the presentation of the church Dr. McClure preached the dedicatory sermon taking his text from Proverbs 22:28. It was a masterful effort, and made a deep impression upon the large congregation which filled the church to overflowing. After the sermon short talks were made by Mr. Oscar Pearsall, the donor of the church; Dr. Joseph Akerman, teacher of the Men's Bible class, and Mr. Eustace Norfleet, the superintendent of the Sunday School.

Splendid music was furnished by the chorus choir of St. Andrew's Christian Endeavor Society under the direction of Mr. Bert Jones, assisted by the choir of Pearsall Memorial church, of which Miss Margaret Mills is the organist.

There will be Sunday School at the new church each Sunday morning at 10 o'clock, and preaching by Rev. H. W. Koelling every Sunday morning at 11 o'clock. The Christian Endeavor Society will meet at 8 o'clock each Sunday night.

"CHRIST'S SECOND COMING."

Large Audience Heard Rev. F. A. Hall at Grand Theatre Sunday.

Rev. F. A. Hall was greeted by a full house at the Grand Theatre Sunday night when he delivered his lecture entitled "Christ's Second Coming." He declared that the present peculiar social, political and religious conditions can be clearly traced to the fact that Christ is to come again. He pointed out Daniel's prophecy where the angel told Daniel the wonderful statements which were sealed up until the end of the present evil world.

He said that the wonderful progress that has been made in the material world in the way of wonderful inventions and modern conveniences are all intended by God to be used to introduce the kingdom of his Son, Jesus. The world remained in darkness for 6,000 years because God so intended, but the end of Satan's reign is now near at hand.

Christ will come to bless all the nations and not to curse them, and the church will be associated with him in bringing this blessing to mankind. The resurrection of the dead is then due. It is to be noted, he said, that the dead are in their graves and not in eternal torment and that the mass of mankind is to be blessed. The blessing will be the restoration of what Adam lost, and will be brought to all who obey the Gospel. Those who will not obey will be destroyed with an everlasting destruction.

In the Grand next Sunday night the third of the series of lectures arranged by the International Bible Students' Association will be given.

SALVATION ARMY MEETING.

Six Smiling Youngsters Dedicated to Lord's Service Sunday.

At the regular services of the Salvation Army at Seamen's Bethel, corner Dock and Front streets, Sunday night six infants were given to the service of the Lord in accordance with the usual custom of the Harvest Festival which is now being celebrated. The hall was filled to its utmost capacity. Brigadier A. W. Crawford, of Atlanta, Ga., delivered a soul stirring address, and there were seven conversions. There were many open air meetings held during the day which were addressed by Brigadier Crawford. In connection with the festival to local Salvation Army is raising a fund of $150 for rescue homes for women and children which are located in many of the cities of the country. Those who wish to contribute should communicate with Adjutant Mataxas.

MAJESTIC RANGE EXHIBIT.

Experts This Week Demonstrating Its Excellence at Jacobi Store.

The advertising columns of The Star announce a demonstration of Majestic ranges at the store of the N. Jacobi Hardware Co., this week that should be of interest to housekeepers. Prof. C. H. Wulff, culinary artist of the first rank, and Mr. F. W. Kent, special demonstrator from the Majestic factory, are in charge. By actual demonstration they show the capabilities of the Majestic, known everywhere as a triumph of genius in the line of agencie sfor preparing food. The public, particularly the ladies, have a very cordial invitation to witness the demonstration, partake of the dainties prepared and participate in the other features of the exhibit.

COTTON COMING IN RAPIDLY.

Over Ten Thousand Bales More So Far Than Last Year.

Yesterday's cotton receipts totaled 3,462 and the total receipts for the season are 28,375, against 17,569 last year, or 10,806 bales more than for the same time in 1912. More than 3,000 bales have been coming in daily. The price holds at 13 1-4, against 11 1-2 this time last year. At 13 1-4, the value of the cotton received so far is $1,880,043.75, or $66.25 per bale. At last year's price at this time, it would be $1,631,562.50, or $57.50 a bale, less by $248,485.25 than the amount this year.

BODY OF NEGRO MAN FOUND

His Identity Not Yet Established But Thought to be Alonzo Green—Coroner's Jury Making Investigation.

Adding another to the mysterious murders that have occurred in this community in recent years and the second within the past year, the body of a negro believed to be Alonzo Green, son of John Green, of this city, was found lying face down just outside the main gate of the enclosure around the property of the Camp Manufacturing Company, at Hilton, yesterday morning at 6:15 o'clock. There was a bullet wound on the right side of his nose, just under the eye, and it is believed that he died instantly. An open knife standing on the butt end was found in the grass a few inches away.

The theory of the officers working on the case is that following a dispute possibly over a game of cards or a woman the dead negro rushed at his foe with an open knife and the other negro, in self-defense, shot the man supposed to be Green. Two shots were heard by persons in the neighborhood about 11:15 o'clock Sunday night, but as pistol shots in that section are frequent very little attention was paid to these two reports.

The body being observed by the crew of a freight train passing Hilton at 6 o'clock yesterday morning, police headquarters were notified of the occurrence and the officers in turn notified Mr. John J. Fowler, the coroner, who immediately went to the scene. He found the body of a mulatto 18 or 20 years old lying face down near the gate of the enclosure around the Camp Manufacturing Company. In the pockets of the negro were some potato peelings and a 10-cent piece. There was a tag sewed to the inside coat pocket bearing the name of J. Ingraham, No. 1105 Campbell street, and the dates 3-28-12 was written thereon. Those making an investigation of the case think that the coat was purchased from some one or stolen as they do not think that J. Ingraham is the name of the dead man, though this was the assumption at first.

Tracks leading from the place where the dead man lay were traced for some distance. A great many people believe that if bloodhounds could have been obtained early yesterday morning that the murderer could have been trailed and possibly captured. They point out this case as an instance where bloodhounds could be of great service in running down criminals. It is also pointed out that this is another case in which reward ought to be offered by the Board of County Commissioners.

The tracks found indicate that the murderer crossed the railroad tracks at Hilton, climbing the embankment on the south side of the railroad. The presumption is that he made his way through the dense woods of Hilton Park and came on to the city, where he will probably never be located and arrested as the murderer of the man whose body was found yesterday.

Mr. Fowler summoned the following as the jury to probe the affair: Messrs. L. M. LeGwin, Geo. H. Ward, J. M. Mohr, C. H. Keen, J. W. Glisson and L. W. Tyndall. Mr. Keen is the secretary. After viewing the body the jury held a session yesterday morning at which several witnesses were examined and then adjourned until 3 in the afternoon. The afternoon session was short, adjournment being taken until this morning at 10:30 o'clock, when John Green, who works at Pocomoke factory, up the river, will be called to testify. It is hoped to establish by him the identity of the dead man. Officers heard yesterday that the dead man is Alonzo Green and is a son of John Green. Also that he has a brother, Ed Green, living here. They learned further that Alonzo Green left here two years ago and had not been seen by his people since that time.

The first witness examined yesterday morning was Patrolman Chas. E. Wood, who testified that he went to the Camp Manufacturing Company early yesterday morning in response to a telephone message. Arriving there he found the body of a negro lying on the grass, face down, with a knife standing on the butt end, blade upwards a few inches away. He was accompanied by Officer T. M. Hall and the two pulled the negro up and found that he was shot in the bridge of the nose on the right side just below the eye. Officer Wood said that he remained with the body until the coroner arrived. He made an effort to establish the identity of the negro, but failed. He said hundreds saw the body during the morning, but none seemed to know him.

Mr. F. B. Andrews, who works at the plant of the Camp Manufacturing Co., testified that he went to the plant at 6:15 A. M. yesterday. While waiting for the plant to start he was sitting near the gate of the enclosure. A freight train passed by and a negro on the train called to another negro that he thought he saw a dead man just outside the gate. The witness got up and made an investigation, finding the body. He notified police headquarters. He told of foot prints leading from the point where the body was found. He saw the knife lying near the body.

Mr. L. P. Clark, the night watchman at the Hilton bridge, said that about 11:15 o'clock Sunday night he heard two pistol shots. He also heard some one whistling like they were whistling for some one. He heard no outcry.

Mr. J. W. Ezzell, who lives a short distance from the scene, testified that he got up at 11:15 Sunday night and heard a pistol shot. Before he could open the door he heard another shot. He did not know until yesterday morning that some one had been shot.

Mr. Ezzell was the last witness to be examined. The investigation will be continued this morning.

PLUMP FOLKS AND THIN FOLKS.

Samose Will Make People Fat—"Money Back if It Fails," Says J. Hicks Bunting.

The line of beautiy is a curve. Women may be thin and graceful, but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompanies the standard weight. Good flesh and perfect health go together. A true flesh forming food like Samose is absolutely necessary to many people.

This remarkable discovery comes in tablet form and when taken after meals mingles with the food and helps it to assimilate so that it makes rich blood and pleasing plumpness.

The J. Hicks Bunting Drug Co. has so much confidence in this remarkable flesh forming food and health restorer that they are willing and glad to allow any customer to deposit 50c with them and take home a box of Samose with the understanding that if it does not give a marked increase in good firm flesh the money will be returned without any questions.

SEVERAL ROAD SENTENCES

Buck Jones Gets Six Months for Selling Whiskey—Twelve Months Each for Two Negroes—Other Cases.

Buck Jones, white, whose wife was sent to the county farms some time ago for selling whiskey, was given six months on the county roads yesterday for a similar offense. He was indicted at the same time his wife was on the same charge, but there was some doubt about his guilt and he was discharged by the Recorder. The only witness against him yesterday was John Fales, white, who testified that he bought a pint of whiskey Saturday from Jones for which he paid 75 cents.

He said that he left 75 cents with Jones for another pint which he expected to get when he quit work Saturday afternoon. When he returned Jones stated that the 75 cents was for the pint which he had purchased at noon, and refused to deliver it, and also struck him. He then swore out a warrant for the arrest of Jones. Jones denied having sold any whiskey to Fales, but stated that he received a half gallon by express Saturday.

Randolph Sanders, colored, submitted to a charge of cutting Fred Dunn, also colored, with a knife Saturday night in a confectionery store, corner Fourth and Brunswick streets. Dunn was put on the stand but seemed to know little about how it happened except that as he started out the door Sanders caught him, and in a friendly tussle, as he said, he was badly cut from ear to mouth. Sanders for himself, said that he did not mean to cut him and it was an accident. He said that he got off the roads two months ago, and that he liked it pretty well. The Recorder thought a man who could cut a person so seriously without intending to do any injury was a dangerous man to be going around, and ordered that he be sent to the county farm for 12 months.

John Rollins, colored, sold a pint of whiskey Saturday to A. J. Sellars, colored, a "trusty" at the county road camp, and thereby started a chain of circumstances that was responsible for his getting 12 months on the roads yesterday. They had a dispute in which Sellars said that Rollins tried to shoot him, and that he only prevented it by snatching the gun from Rollins' hands. Quite a commotion was raised in the neighborhood, some thinking that a murder had been committed. Plainsclothesman Frank George arrested Rollins, and took him to the city prison.

Emmanuel Southerland, James Johnson, Elias Williams, Arthur Bennett and William Cooper, all colored boys, charged with vagrancy, were not guilty, and were discharged. Elias Williams and Ernest Donaldson, both colored boys, were taxed with the costs for shooting a pistol within the city limits. The usual number of those who had fallen by the wayside came up and paid their fine of $5 and the costs.

Solicitor Peschau was taken ill just before court opened, and in his absence Walter P. Gafford, Esq., acted as solicitor.

TWO IMPORTANT MEETINGS

Special Committee on Concurrent Municipal Board and Health and Sanitation Committee in Session Yesterday.

In the rooms of the Chamber of Commerce yesterday were held important meetings of two committees of that organization, as an echo of the special meeting of the Chamber last Friday afternoon when a movement was launched looking to the establishment of a concurrent board in the Wilmington municipal government and when a communication bearing on the local health and sanitary conditions was read as information for the body.

The first meeting was that of the special committee named by President Corbett to outline the text of the bill to be introduced providing for the creation of the concurrent board, and the second meeting at 4 o'clock was that of the health and sanitation committee.

It is understood that very little was done at either meeting. Both were executive in nature and what is known of the proceedings is what was learned from members after the meetings. Formal reports of the result of the meetings will be made by the committees at a meeting of the Chamber to be held Thursday or Friday of this week. It was thought at one time yesterday that a meeting would be held today, but later in the day it was decided to wait until the latter part of the week.

Senator Marsden Bellamy and Representative Woodus Kellum met with the special committee on the concurrent board proposition. The matter was gone into quite thoroughly. It is stated that no definite action was taken beyond deciding in a general way some of the features that should be included in the proposed bill. The committee, it is understood, is to draft the report later and submit it to the Chamber of Commerce. Incidentally the question of amending the bill by which the city and county health department were consolidated came up for discussion, though no definite action was taken, it is stated. It seems to be settled, however, that some change will be made in the present bill, just what remains to be settled at future conferences.

The purpose of the meeting of the health and sanitation committee was to consider a communication on local health conditions prepared by Dr. E. J. Wood and read at a meeting of the Chamber Friday. Dr. Thos. S. Burbank is chairman of the committee and the other members present were Messrs. D. C. Love, F. F. Pillet, H. deW. Rapalje, Dr. R. B. Slocum and Dr. Thos. B. Carroll, Chairman Martin S. Willard, of the County Board of Health, was present. It is understood that Dr. Wood had written letters to two members of the committee requesting the withdrawal of the communication. He could not be present in person on account of another engagement. The committee, it is understood from street rumor, declined to accede to his wishes, taking the position that as the communication had been presented to the committee that some report on the same ought to be made to the Chamber. However, it was decided by a majority vote to recommend to the Chamber that it take no part in the present controversy with regard to health conditions. Dr. Burbank, it is understood, will present a minority report. Several resolutions were introduced bearing on the matter under consideration, but these were not given out in advance of the meeting of the Chamber.

Chairman Willard stated to the meeting that he had in his pockets an answer in detail to the communication of Dr. Wood, which he would ask to be considered by the Chamber if the communication from Dr. Wood is taken up in that body. The communication in the possession of Chairman Willard was prepared and is signed by Dr. Chas. T. Nesbitt, county superintendent.

A meeting of the bankng and currency committee, Mr. H. C. McQueen, chairman, was to have been held yesterday but owing to the lack of a quorum it was postponed until later.

WILL MOVE OFFICES TODAY

Officers of Y. M. C. A. Will Occupy New Building This Week—Everything Ready for Opening Next Week.

The new Y. M. C. A. building is now complete with the exception of placing the furnishings, and Mr. J. E. Huntington, the general secretary, stated last night that the offices of the association will be moved today from their present location in the Odd Fellows' building. The rooms will be ready for occupancy by the first of next week, and at that time the lobby will be opened to members. All the equipment for the gymnasium has arrived, and just as soon as it can be placed this will also be opened. The formal opening of the building will not take place until some time in October.

The new building was begun in December, 1912, and it was expected to have had it completed by September 1st, but some delay was experienced in getting material. Now that the completion is in sight the officers of the association have already begun to formulate plans for extending the work of the association. Already more than a 100 young men have joined, and applications are being received every day. There is every reason to believe that Wilmington will have one of the strongest associations within the near future of any city in the South.

Secretary Huntington will have as his assistants, Messrs. Edward Roberts, J. P. Seitter and S. B. Moore. Mr. Moore, who is assistant secretary, has been here for some time as Mr. Huntington's right hand man. Mr. Roberts, director of boys' work, and Mr. Seitter, physical director, arrived the first of this month, and have already entered upon their duties. Secretary Huntington counts himself particularly fortunate in securing such a fine corps of officers. With this staff and the able board of directors the work of the association should prosper greatly.

Secretary Huntington has labored earnestly and zealously in directing affairs during the erection of the handsome new building. He has had his hands full, and, of course, is much gratified that the end is now in sight.

Nearly all the rooms in the building have been rented, and Mr. Huntington stated last night that he expected to have the remaining ones rented by the middle of this week. This will be the first matter to receive his attention upon moving into the new quarters.

While for the past year it has been impossible for the association to do much in carrying on religious work among the young men of the city this feature will be taken up at once. With the opening of the new building the officers will organize their forces and begin active religious work as well as other lines of activity in directing the general welfare of young men of the city.

TWO SPLENDID ADDRESSES.

Hon. J. A. Brown, of Chadbourn, Spoke on Sunday School Work.

Hon. J. A. Brown, president of the State Sunday School Association, delivered two splendid addresses on Sunday School work at Immanuel Presbyterian church Sunday morning and night at the regular hours for preaching services. He has recently completed a tour of the western part of the State, and told something of the good work which he found that the Sunday Schools in that section were doing. He is especially pleased with the bright outlook. His addresses were full of practical information, and were heard with great interest by large congregations. He also addressed the Sunday School at Immanuel church Sunday morning.

U. D. C. Convention Rates.

The United Daughters of the Confederacy announce a rate of three cents a mile plus 25 cents for the round trip from this State to the general convention of the Daughters in New Orleans November 11th-15th. Tickets will be on sale November 8th to 10th, with final return limit to reach starting point not later than November 19th, unless tickets are deposited with $1 extension fee, which makes the ticket good until December 6th. Mrs. Jessica R. Smith, of Henderson, is the member of the transportation committee for North Carolina.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: L. V. Grady and wife to Edward L. Davis and wife, for $5,000 and other considerations, lot on south side of Chesnut street, 110.8 feet east of Fourth, fronting 34 feet on Chesnut street and running back for 66 feet; the Wilmington Suburban Co., to E. Roscoe Hall and wife, for $100 and other considerations, lot on northwest corner of Fifth and Greenfield streets, 51x80 feet in size. J. I. Crews and wife to John D. Sidbury and wife, for $10 and other considerations, lots 48, 49 and 59, Fernside.

Wife Swears Out Peace Warrant.

Mrs. Minnie Bwener yesterday had a peace warrant sworn out against her husband, C. G. Bwener. He had a trial before Justice Bornemann who after hearing the evidence decided that her husband was not guilty of disturbing the peace, and taxed his wife with the costs. It seems that Bwener's wife left him and established a boarding house nearby. He objected to this, and it was for this reason, according to the evidence, that Mrs. Bwener had the warrant issued.

Construction Work Stopped.

Mr. J. H. Langley, foreman of a construction gang for the Atlantic Coast Line, was arrested yesterday for making excavations on King street without securing permission from the City Council. He was recognized for his appearance before the Recorder. The work which was begun yesterday was in connection with a spur track being built by the railroad at that point. Work has been stopped until the necessary permission is secured.

NATIONAL PRESIDENT HERE.

Mr. Wm. Yates Guest of Local Marine Association Yesterday.

Mr. William F. Yates, of New York City, president of the National Marine Engineers' Association, arrived in the city yesterday morning, and was a guest yesterday and last night of the local association, No. 71. He has been on a visit of all the associations in the South, and is now on his way back North. He will leave on the early train this morning for Washington, N. C. While here he was entertained in royal style by the members of the local association.

A special meeting was held last night in the Junior Order Hall on South Front street, which was attended by practically all the members and a number of invited guests. At this meeting Mr. Yates made an address on the work of the association which he stated he had found on his visit to the South and the West to be in splendid shape.

Following the meeting an informal banquet was given in honor of Mr. Yates. There was a feast of good things to eat which was served in magnificent style. The efficient secretary of the association, Mr. Walter A. Furlong, had charge of this feature, and he did not spare any pains to make it a most enjoyable affair. Mr. John W. Frederick, the capable president, acted as toastmaster, and needless to say he proved himself to be the right man in the right place.

When the members and their friends had done ample justice to the sumptuous dinner cigars were passed around and Toastmaster Frederick called on Mr. Yates to make a short talk. This he did in a most happy manner, and congratulated the men for the worthy work they are doing. Others who made short talks were Messrs. E. P. Bailey, J. B. Price, T. D. Love, S. E. Dunn, W. A. Furlong, J. J. Bell, J. A. Livingston, Thos. Rand and Mr. Thorp. Messrs. Jentz and Goody from the Clyde Line steamer Navahoe, entertained the banquetters with several delightful sketches of humor.

SOCIAL & PERSONAL

Miss Mayme Batson, of Rocky Point, is visiting her sister, Mrs. J. C. Moore, No. 826 Grace street.

* * *

Mrs. George T. Jones left Sunday for Baltimore, Md., where she will spend some time with the mother of Mr. Jones.

* * *

Mrs. D. Leonard Allen and daughter, little Miss Carrie, of Savannah, Ga., are visiting Mrs. J. J. Hopkins, No. 119 Church street.

* * *

Mrs. F. A. Montgomery and son, Master Frank, left yesterday for Palatka, Fla., where they will visit another son, Mr. H. L. Montgomery.

* * *

Mrs. Will Penny returned Sunday night from Hendersonville, where she spent most of the Summer. Friends will be glad to learn that her health has greatly improved.

* * *

Among the people in the city last evening to see the Field minstrels were Mr. and Mrs. J. T. Foy, of Scott's Hill; Mrs. M. C. Stegall, Miss Jennie Clark, Miss Annie Neal, Miss Lillie B. Phifer, of Clarkton; Mrs. Addie B. Jones, Miss Lottie Bussell, of Southport, and Miss Minnie Kellam, of Norfolk.

..Theatrical..

As usual when that popular aggregation is the attraction, the Al G. Field's Minstrels was greeted with a crowded house at the Academy of Music last night. The Standing Room Only sign was out, the aisles and every available space being utilized. This splendid aggregation of fun makers never fail to please in Wilmington and to furnish enough fun and amusement to drive dull cares away. Last night was no exception, though a great many thought that the performance was not quite up to the standard of other years. However, it was well received and seemed to please all.

Anna Held and Company Wednesday.

And now comes the Academy's stellar attraction, the biggest thing it has ever offered in the way of a star, supported by stars. It will be the Anna Held All-Star Variete Jubilee, tomorrow night, traveling on its own special train of Pullman and scenic cars. It will be the most magnificent attraction of years, and indications are for a "standing room only" audience. Seats went on sale at J. Hicks Bunting's drug store yesterday morning.

No booking announcement that Manager Paul M. Comes can make this season carries more weight, or will be more heartily received than does the coming of Mme. Anna Held's All Star Variete Jubilee. This galaxy of stars, the greatest ever assembled under one banner, by that intrepid producing manager, John Cort, consists of such luminaries in the starry firmament as that ultra-vivacious comedienne, Anna Held, the reigning Anglo-American-Parisienne favorite, introducing the latest novelty act from Paris yet imported to this country; George Beban and company, in that tense and successful playlet, "The Sign of the Rose," Andrew Mack, erstwhile legitimate musical star in a refined, though highly popular melody monologue, "The Ship's Concert"; the Imperial Pekinese troupe, another imported novelty sensation; Francis and Florette, Europe's finest exponents of the art of terpsichore, including the Tango and whirlwind dances; Hirschel Hendler, in a wonderful musical act, and the Chas. Ahearn troupe of 12 people, in a cyclonic wonder concoction on wheels, concluding with a bicycle race against an automobiles that is a veritable thriller.

This organization consists of over 50 people, is presented on a scale of grandeur as regards scenic environment by Manager John Cort at an operating expense of over $9,000 a week; so theatre-goers of this city may see the greatest All-Star aggregation of its kind ever sent on tour in America.

The Grand's Bill.

The Grand has an unusually attractive show for today. It is headed by a film that will immensely tickle everyone. It will be found particularly magnetic, as it tells of the tricks of a magician; not on the stage, but off, which he plays on two "Rubes", who, not knowing he is a magician, try to have fun with him. It is called "The Magician Fisherman," being Selig's latest novelty and most elaborate production. It is something startling and something decidedly clever and wholesome. "The Sign" is another great film on today at the Grand. It is a story of Sunny Italy; a tale of the "Black Hand", with all its thrills and surprises. Pathe's very latest Weekly is also a feature, depicting current events in most interesting and vivid way, ending with a great animated editorial spectacle.

The Grand will, of course, dish up solid comfort in its usual attractive way, and the price of admission will remain at the 5-cent mark.

Today at the Bijou.

The popular Bijou—the theatre that is the comfortable spot of the town—got under way a big week yesterday, starting with a grand flourish before large audiences. Yesterday's great bill was, however, but a sample of the good things to come forth this week. Today's bill will be one of the greatest of the week, and it will be headed by two notable films. One will be a special two-reels release, the Biograph's latest and most pretentious effort, "The Reformers," and the other will be the Vitagraph's funniest photoplay, "The Feudists," with fat John Bunny and clever Flora Finch, in the leading roles. Its a scream from start to finish. The special release is especially superb and should not be missed. In "The Reformers, or the Lost Art of Minding One's Business," will be found a great present day satire; something entirely new in idea, thought and execution, and it takes two immense reels to tell the story, but there is never a dull moment and it will hold the onlookers under a peculiarly fascinating spell. A notable cast will be seen, including such noted and favorite artists as Miss Mae Marsh and Messrs. Robert Harron and Charles H. Mailes.

Hampstead Couple Married Here.

Mr. J. F. Howard and Miss Beulah Lee, of Hampstead, were married here Sunday afternoon at 3 o'clock at the manse of the First Presbyterian church, Rev. Dr. J. M. Wells being the officiating minister. Several friends of the young couple accompanied them to Wilmington, and witnessed the ceremony. They returned to their home Sunday afternoon. They have many friends who wish for them many happy years of wedded life.

REQUEST TO FULL BOARD

Dr. Rankin Will Present Proposal of New Hanover Health Board at Meeting of State Body This Week.

Still declining to accede to the proposal of the County Board of Health that he in conjunction with an expert from the United States Public Health Service from Washington make an investigation of the health situation in Wilmington to determine whether or not there has been any delinquency or inefficiency in the administration of affairs, Dr. W. S. Rankin, secretary of the State Board of Health, has replied to the last communication from the local health board.

Dr. Rankin promises to place the entire matter before a full meeting of the State Board of Health this week for final action, but expresses the opinion that his position will be upheld. The letter from Dr. Rankin, which was received yesterday by Chairman M. S. Willard, of the Board of Health, is as follows:

"Raleigh, N. C., Sept. 19, 1913.

"Hon. Martin S. Willard, Chairman Board of Health, Wilmington, N. C.

"Dear Mr. Willard:—After an absence of three weeks from the office I find your letter of August 30th.

"Inasmuch as our State Board of Health meets next week in Raleigh I will refer this matter to the meeting of the full board, and, of course, I shall be governed according to their wishes in regard to the investigation of the health work of New Hanover county and the City of Wilmington. I am inclined to think, however, that the board will take the position that I have taken in this matter.

"If I find that the board does meet next week I shall notify you the exact date of the meeting and if either you or Dr. Nesbitt would like to appear before the board and present the New Hanover situation I feel sure that the board will be very glad to hear you.

"Very truly yours,

"W. S. RANKIN,

"Secretary."

Neither Chairman Willard nor Dr. Nesbitt received any notice from Dr. Rankin of the meeting called for today and it is presumed that the board will not be ready today to take up the New Hanover county situation. Chairman Willard, when he heard yesterday from an unofficial source that a meeting had been called for today, stated that he supposed the New Hanover matter, to which Dr. Rankin referred, would not be taken up until later in the week as he had heard nothing official of the meeting. Chairman Willard and Dr. Nesbitt expect to go to Raleigh and present the local situation before the State Board as soon as they receive the word from Dr. Rankin.

It will be recalled that some weeks ago the County Board of Health passed a resolution calling on Dr. Rankin to request the United States Public Health Service, to send an expert to Wilmington to act in conjunction with Dr. Rankin himself in making a thorough investigation of the local health situation and make report of their findings, the purpose being to determine at Dr. Nesbitt's suggestion whether or not there has been any delinquency or inefficiency in the administration of the affairs of the office. If the report was adverse to Dr. Nesbitt he proposed to relinquish the office, having tendered to the chairman of the board an undated resignation to be accepted in the event it was found that his office was not being properly conducted. On the other hand, if a favorable report was received, Dr. Nesbitt and members of the Board of Health would insist that the medical profession as a whole and the people generally give to the health department their hearty co-operation in order that the best results possible might be obtained.

When Dr. Rankin declined to accept the proposal on the ground that it was against the policy of the State Board of Health to enter into local factional fights the Board of Health held a special meeting and formulated a second communication which was sent to Dr. Rankin asking reconsideration and stating the reasons why the Board of Health thought the State board should intercede. Dr. Rankin was out of the city for three weeks, hence no reply was received from him until yesterday.

PERSONAL PARAGRAPHS.

—Mr. L. R. Lyon, of Kelly, was a visitor in the city yesterday.

—Mr. M. W. Teachey, of Wallace, was among yesterday's visitors.

—Mr. C. G. Ruark, of Southport, was a guest at The Orton yesterday.

—Mr. B. F. Stiffler, of Southport, came up yesterday to meet his father, Mr. A. J. Stiffler, of Millersburg, Ohio. The elder Mr. Stiffler is coming South to visit his son, who is making a specialty of fruit growing in the vicinity of Southport.

—Mr. R. E. Riddick, one of the best known and most popular theatrical men on the road, for a number of years with the Dixon productions, was here yesterday in the interest of the "Leopard's Spots", which will be one of the big attractions at the Academy here in October.

Married Sunday Afternoon.

At the home of Mrs. E. E. Carter, sister of the bride, on Myrtle Grove Sound, Sunday afternoon, a pretty marriage ceremony was performed which made Mr. E. E. Russ, of Wilmington, and Mrs. Lula Rogers, daughter of Mr. Luther Vann, of Sampson county, man and wife. Elder Williams, of the Advent Christian church, performed the ceremony. Mr. R. M. Russ was best man and Miss Lottie Vann, a sister of the bride, was maid of honor. The bride and groom will be at home at No. 314 Queen street, after September 25th. Mr. Russ is in the grocery business at Eighth and Castle streets. Both have many friends who will be interested in their marriage.

Aunt Sally's Advice to Beauty-Seekers

C. M. P.: The neck should receive similar attention to that given the complexion, so color and texture of skin will be the same. A yellow neck and a white face give a discordant effect. I advise using for both neck and complexion the treatment recommended to "Monica."

F. M.: First, stop scowling, if you would get rid of the lines between the eyes. The best application for such lines, and all wrinkles, is a solution of powdered saxolite, 1 oz., dissolved in witch hazel, ½ pint. Bathe the face in this daily until entirely relieved.

Monica: You hardly need such a list of cosmetics as you mention. Ordinary mercolized wax will help you more than any or all of them. It will gradually absorb the withered, discolored complexion and you will soon have a new, youthful and healthy-looking skin. You needn't get more than an ounce of the wax, which will cost you little at any druggist's. Apply nightly, like cold cream, washing it off mornings.—Woman's Realm.

(advertisement.)

LOCAL DOTS.

—County Solicitor George L. Peschau, who was taken seriously ill just before the convening of the Recorder's court yesterday morning, was sufficiently recovered to be out late yesterday afternoon.

—Sunday night at the Sixth Street Christian Advent church the pastor, Rev. J. P. King, baptized 10 converts. The revival services which hae been in progress for some time will continue through this week.

—License was issued yesterday for the marriage of Mr. Randolph Williamson and Mrs. Lillie E. Jones, daughter of Mrs. Folston, of Bladenboro. The marriage was announced to take place last night, Rev. Thos. Green officiating.

—Mr. Bert Jones, the secretary, announced yesterday that the Floating Endeavor Society will hold a called meeting at the home of Dr. T. C. Findlay tonight. All members are expected to be present and all others interested in the work among seamen are invited.

—The news that Mr. S. A. Schloss, of Wilmington, is to build a new theatre in Raleigh has been received here with interest. He has purchased a site at corner of Salisbury and Davie streets in the Capital City on which he will erect a new theatre. It is announced that the theatre will cost approximately $65,000 and will be ready for the 1914-15 season.

TORTURED BY UGLY ITCHING ERUPTION

Doctor Recommended Resinol. Half of a 50c Jar Cured It.

Baltimore, Md., Nov. 5, 1912.—"My little daughter was taken with a very small spot on the back of her hand. It grew larger and caused her more trouble. When she would scratch it, it would bleed and get very ugly looking, so I doctored it myself for about a year, and at last it broke out on both knees, and when she would go to bed she would scratch, and was so tortured and suffered so from the itching, that I took her to our doctor, who recommended Resinol Soap and Resinol Ointment.

"I sent for samples and after the first application the itching and inflammation was improved, and I kept it up night and morning, and by the time the sample was gone she complained very little, so I got a fifty-cent jar, and before that was half gone the trouble had entirely disappeared." (Signed) Mrs. Maude Schmechel, 2737 Presbury Street.

Resinol is speedily effective for itching, burning eruptions, pimples, dandruff, burns, old sores and piles. Sold by all druggists. For free samples write to Dept. 15-M, Resinol Chem. Co., Baltimore, Md.

An Inspection of Our Ready-to-Wear Garments Convinces You as to the Correct Styles for This Season

Only that which is conceded by the foremost designers to be absolutely correct are shown here.

The Suits for Fall have never been shown in greater variety of fabrics, the colorings of which are most exquisite. Dainty trimmings of bright colors add to the effect greatly.

Style in clothes is a very interesting study, and styles this season have never been so varied as they are now. The ultra stylish garments are stunningly beautiful, but, as a rule, they are not practical for real genuine service.

Polvogt's Outer Garments have been selected for their practical styles and their service-giving features.

Our stocks are now rounding into shape providing a wide latitude for satisfactory selections. Descriptions of each style is inadequate. Seeing the garments with your own eyes will be the most delightful way of knowing what will be worn this Fall.

You can depend on correct styles here.

You can depend on Polvogt's prices being right, and offering the widest range for the dictations of your purse.

GREAT MAJESTIC RANGES

ALL THIS WEEK

Everything Cooked is Served to Those Present.

Prof. Wulff will give lectures on the art of "Economical and Scientific Cooking" at our store at 2:30 to 5:30 P. M. Don't miss a single day, and bring your friends. If you are not the proud possessor of a Great Majestic Range, these lectures will prove just as interesting. Every lady in the city should attend. This course of lectures affords an opportunity to learn more about cooking and preparing new and tasty dishes than your cook book will teach you in years. We will give you with every MAJESTIC RANGE sold this week a set of ware valued at $8.00. Commencing Monday, September 22nd.

THE GREAT
MAJESTIC
RANGE
Isn't it the truth?
Every housewife spends by far the most of her time in the kitchen, and least of her time in the parlor, yet, it's surprising, how many have a $500.00 piano in the parlor and a cheap, worn-out cook stove in the kitchen.
Now, is your kitchen a pleasant place for you, or does that old, worn-out range or stove give you as much trouble as ever? If so, why not eliminate all this worry, bother and needless expense by putting in a
MAJESTIC
THE RANGE WITH A REPUTATION
and thus insure perfectly-cooked meals for the folks, plenty of hot water always, no repairs to fuss over, besides having a range that adds to the appearance of your kitchen.
Isn't it worth looking into? Why not to-day
?
SHOULD BE IN YOUR KITCHEN
THE RANGE WITH A REPUTATION
N. JACOBI HARDWARE COMPANY

SAVE $8.00

As a Special Inducement during our demonstration week only, with every MAJESTIC RANGE sold — (prices always the same)— we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than $8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

COME IN IF YOU INTEND TO BUY OR NOT

N. JACOBI HARDWARE COMPANY

10 and 12 So. Front Street.

COTTON WAS NERVOUS

Market Unsettled Yesterday and Prices Broke Sharply Under Realizing and Conflicting Report of Futures Tax.

New York, Sept. 22.—After opening at new low records for the season, the cotton market became nervous and unsettled today, with prices breaking sharply under heavy general realizing and nervousness over conflicting Washington reports as to prospective legislation.

Local trading did not start until noon, owing to the funeral services of the late Mayor, and by that hour there appeared to be quite an accumulation of bullish orders. New Orleans and Liverpool had shown pronounced strength during the morning, while there were numerous bullish crop reports, and first prices were steady at an advance of 11 to 15 points. December contracts sold at 13.52 during the first few minutes, making an advance of over $5 per bale from the low point reached since the publication of the September bureau. Reports of light frosts in the Carolinas, Alabama and Mississippi and of unseasonably low temperatures in the Western belt tended to increase apprehension of a short growing season and probably accounted for a good deal of buying through wire and commission houses.

A bullish monthly crop report by a prominent Georgia authority and a bullish statement as to prospects in Northern Alabama, from a well-known traveling expert, also contributed to the early advance, but the market encountered very heavy selling by recent big buyers around the opening figures, and prices soon turned easier.

The market worked off, realizing or liquidation became more general, owing to rumors that the Senate conferees on the tariff bill were insisting upon the adoption of the Clarke amendment with reference to the cotton futures tax, and active months sold about 12 to 14 points net lower. Later reports from Washington were more favorable as to legislative prospects, and there were rallies of 4 or 5 points, with the close steady, at a net decline of 7 to 11 points.

Spot cotton, steady. Middling uplands, 13.55; do. gulf, 13.80; sales, 3,115.

Cotton futures closed barely steady.

Sales, 8,000 bales, including 6,400 American and 1,000 for speculation and export; receipts, 11,000, including 9,500 American. Futures closed very steady. September, 7.48; September-October, 7.35¼; October-November, 7.28; November-December, 7.19½; December-January, 7.19½; January-February, 7.19½; February-March, 7.19½; March-April, 7.20; April-May, 7.20; May-June, 7.20; June-July, 7.18; July-August, 7.16½; August-September, 7.03.

FINANCIAL MARKET.

New York, Sept. 22.—Money on call, firm, at 2½@3 per cent.; ruling rate, 3; closing bid, 2½@3. Time loans, easier; sixty days, 4½; ninety days, 4¼@4½; six months, 5@5¼. Prime mercantile paper, 5¾@6 per cent.; Sterling exchange, steady, at 4.8225 for sixty day bills, and 4.8580 for demand. Commercial bills, 4.81¾. Bar silver, 62½; Mexican dollars, 47¼.

COTTON GOODS MARKET.

New York, Sept. 22.—Cotton goods markets were strong today, with an advancing tendency. Yarns were up another half cent to one cent per pound on coarse numbers. Corporations' dress goods for Spring were open at reductions from 10 to 17 per cent. Tussah silk is advancing.

"PURE CITY" BLAMED.

Philadelphia Coroner Declares Many Girls Going Astray.

Philadelphia, Sept. 22.—Declaring that more young girls are being misled under the so-called "pure city" than ever in the history of the tolerated Tenderloin, Coroner Arthur Sellers demanded that the police act. He said that an organized gang maintains houses in the residential section, to which young girls are lured, afterward being sent on the streets as white slaves.

The Coroner's declaration came following an investigation of the death from an illegal operation of Miss Meredith Dukes, of Bishopville, Md., at the hands of an alleged gang of malpractitioners.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. Drives out Malaria, enriches Blood, Builds up the Whole System. 50c.

Wilmington, N. C., Sept. 20.

Market—Weak. Nothing doing.

North Carolinas—No. 1, prime hand-picked, 75; machine-picked, 70.

Spanish—Prime, hand-picked, $1.00; machine-picked, 90c.

Virginias—Prime hand-picked, 75c.; machine-picked, 80c.

Philadelphia, Sept. 22.—It is not often that an outfielder makes a double play all by himself, but the feat was accomplished by Rube Oldring in a recent game between the Naps and the Mackmen. In the sixth inning, with Turner on second base, Oldring, in leftfield, caught a line drive from Gregg's bat and then sprinted to the middle sack in time to double up Turner, who had started to steal third when the ball was hit. Oldring covered nearly fifty yards in his run for the bag, but he did it in record time—for a ball player.

Yet if it became necessary to chastise Mexico, your Uncle Sammy is a great little chastiser.—Milwaukee Sentinel.

PILES are curable. All kinds mean suffering and danger. The CAUSE is always internal. Dr. Leonhardt's HEM-ROID tablets produce amazing results by attacking the INTERNAL CAUSE. The piles are dried up and permanently cured. 24 days' treatment, $1.00. DR. LEONHARDT CO., Buffalo, N. Y. (Free boo

STOCK MARKET WAS LANGUID

A Few Made Gains, But Changes Were Only Nominal—Closed for Half a Day—Leading Securities.

New York, Sept. 22.—A few stocks made gains today, but in many cases changes were only nominal. Speculation was languid. The market was closed until noon on account of the funeral of Mayor Gaynor, and during the afternoon little interest was shown in dealings.

Among the stocks which broke away from the narrow movement of the general list People's Gas was the most conspicuous. It rose more than 4 to 129⅜, the highest price for near 15 years.

Rumors of an extra dividend for Reading were revived today, and the stock rose strongly, eclipsing its recently established high record for the year. Union Pacific, Canadian Pacific, New Haven, Consolidated gas and Third Avenue also were strong. Rock Island's stocks and bonds reached new low prices.

Although American stocks in London were firm, London did virtually nothing here. The strong character of the bank statement was conspicuous in the dealings. Rock Island collateral 4s and refunding 4s dropped about 2 points each. Total sales, par value, $1,075,000. United States bonds, unchanged on call. Total sales were 172,200, including American Tobacco, 100; S., and O., 200; Lehigh Valley, 1,200; N. and W., 400; Reading, 48,700; Southern, pfd., 600; Tennessee Copper, 300; V.-C. C., 100.

GET RID OF THE TORMENT OF RHEUMATISM

That you can do by ridding yourself of the cause. Weak, sluggish, inactive kidneys allow the uric acid crystals to circulate in the blood, and these lodging in the points and muscles, cause rheumatism, lumbago, and stiff, swollen aching points. Foley Kidney Pills ease your pain and torment from the time you begin taking them. They positively and permanently build up the kidneys, restore their normal action, and strain out the uric acid crystals that cause the rheumatism and lumbago. Try them. Robert R. Bellamy, Druggist, Wilmington, N. C.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills are a good remedy to use. It has acted effectively in many cases in this vicinity.

Can Wilmington residents demand further proof than the following testimonial?

Mrs. J. H. Gardner, Rose Hill, N. C., sas: "For several years I was greatly annoyed by kidney complaint and suffered greatly from a lame and aching back. Sometimes I was hardly able to get around to do my housework. I tried many remedies, but did not get relief. Finally I used Doan's Kilney Pills and must say that I never used another remedy that helped me as quickly. I cheerfully recommend Doan's Kidney Pills for what they have done for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Sealed Proposals

Sealed proposals for the installation of a Central Heat and Power Plant equipment for the North Carolina State Capitol and adjacent buildings at Raleigh, North Carolina, will be received by the Board of Public Buildings and Grounds at the office of the State Treasurer until Friday, September 26th, 1913, and will be publicly opened at 11 o'clock A. M., on that date. Right reserved to reject any or all bids.

Plans and specifications for equipment may be seen at the office of the State Treasurer, or at the office of Wiley and Wilson, Consulting Engineers, Lynchburg, Va., and copies of same may be secured upon application to the engineers, accompanied by check for $10.00, which will be refunded upon return of the drawings and specifications.

Each bid is to be accompanied by a certified check or bonds payable to B. R. Lacy, Treasurer, for 5 per cent. of the amount of bid, said 5 per cent. to be returned to unsuccessful bidders. To the bidder awarded contract the 5 per cent. will be returned after he has executed contract.

Bonds for 50 per cent. of the amount of contracts will be required for the faithful performance of the work.

B. R. LACY, State Treasurer.

REPLY TO FARMERS' UNION.

Acting President of the University Writes Committee on Education.

Special Star Correspondence.)

Chapel Hill, N. C., Sept. 22.—The following letter from Acting President Edward K. Graham to the Education Committee of the State Farmers' Union contains announcements of more than usual interest:

"Your letter outlining certain educational policies of the Farmers' Union for the advancement of North Carolina has been received and read with keen interest. All of the proposals contained therein should win not only the intellectual approval of the people of the State, but their active interest in putting them into immediate effect. The University will give you its aggressive support in every detail of this work.

"We are just maturing plans bear directly on phases of education with which you are concerned. In addition to our main business of providing an education of the highest quality for all of those sons of the State whose ambition leads them to the University; and in addition to supplying adequately the demand for well-equipped teachers, we propose to reach directly as many as possible of the people who cannot come here.

"Briefly, our tentative plans that touch your immediate interests include: first, the work of our department of rural education, of which your letter speaks with approval; second, lecture courses by members of the faculty under organized direction; third, correspondence courses—including a course in rural economics, a course in rural school work, a course in general reading; fourth, the organization of the students—ninety-five per cent. of them from North Carolina and a great majority of these from rural North Carolina—into county clubs for the purpose of studying county problems and co-operating with the home people in solving these problems. (This county club work is directly in line with your fourth suggestion.)

"During the coming year, the discussion of the constitutional amendments and particularly the paramount question of taxation, makes it essential that the legislators and the people have at hand all of the information possible and in the most convenient form. To meet this need we will maintain at the University a bureau of taxation and legislation. Persons who can come to Chapel Hill will find abundant material for study readily at their command; those who cannot come will be served as far as possible by correspondence. This bureau will be under the direction of Dr. C. L. Raper and Dr. J. G. deR. Hamilton, both of whom have been actively interested for years in the questions at issue.

"All of this work will be under the general direction of a committee headed by Dr. L. R. Wilson, whose efficient work in leading the movement for traveling libraries is well known to the Farmers' Union.

"More detailed statements will soon be made of the various features of this work. In the meantime we should value highly criticisms and suggestions from individual members of your committee or from the committee as a whole to the end that all of the resources of the University may achieve maximum service to the people of the State."

REVIVAL AT JACKSON.

Very Pleasing Results Follow Meeting in the Methodist Church.

Jackson, N. C., Sept. 22.—The protracted meeting in the Methodist church came to a very successful close last week. Dr. W. B. North, pastor, conducted the services. Eight additions were made to the membership, which makes nearly every citizen of the town a member of some church. During the meeting "unity of spirit" was manifested to a marked degree, members of all churches participating in the effect to achieve growth in grace, elevation of morals an dthe salvation of sinners. At the close of consecration service was held and more than 100 members of every denomination in the town publicly testified that the revival had been of spiritual benefit to them and that they had started on a higher plane of Christian living.

WHITE MAN ASSAULTED.

Hans Johnson Badly Beaten Up by Unknown Assailants.

While the scavengers were making their rounds Sunday morning at 3:30 o'clock they found Hans Johnson, white, an engineer on one of the dredge boats on the Cape Fear, lying in a vacant lot near 15th and Market streets badly beaten up and almost unconscious. He was bruised on the forehead and side, and had lost a large quantity of blood. The police upon investigation found blood on the ground at 13th and Market streets. Johnson did not seem to know much about who assaulted him beyond the fact that they were white men. He was taken to the James Walker Memorial Hospital for treatment and was sufficiently recovered yesterday morning to return to his work.

Death of Young Daughter.

Many friends were grieved yesterday to learn of the death of Mary, the 17-month-old daughter of Mr. and Mrs. Wilbur R. Dosher, which occurred at their Summer home at Southport Sunday night. The body was brought to Wilmington on the afternoon boat yesterday, and the funeral will take place this morning at 11 o'clock from the residence of Mrs. Dosher's mother, Mrs. Carrie Gardner, No. 423 South Fifth street, conducted by Rev. C. T. Adams, pastor of Fifth Street Methodist church. The interment will be at Oakdale cemetery. The bereaved parents have the tender sympathy of a host of friends. After spending the Summer at Southport Mr. and Mrs. Dosher were preparing to remove to Wilmington yesterday. A few days ago the little daughter became ill. Acute meningitis developed and the little one passed away before the fond parents hardly realized that she was ill.

Memphis, Tenn., Sept. 22.—Play in the qualifying round of the open championship tournament of the Women's Western Golf Association will begin on the links of the Memphis Country Club tomorrow morning with 52 contestants on hand to compete in what promises to be one of the hardest fought tournaments held in the South. Eleven Western clubs and two in the South, Nashville and Memphis, Tenn., will be represented.

RIOT IN ILLINOIS TOWN.

American and Polish Miners Make Things Merry in Benton.

Benton, Ill., Sept. 22.—A race riot between American and Polish miners was begun on the town square here tonight as a result of the double murder last night of Ewell Hutchins and Quincy Drummonds, killed while returning from a Polish dance, where they had furnished the music.

The disturbance soon assumed such proportions that Mayor Espy swore in 25 extra policemen and sent for the sheriff of Franklin county. The mayor then mounted a box in the center of the square and sought to pacify the Americans. In spite of his address trouble started.

Twenty-five foreigners who appeared on the square were severely beaten and pursued to their homes in the Polish colony. Every other foreigner who was found in the streets met similar treatment.

Fifty Polish miners were arrested today and are being held pending an investigation into the double murder. Three others miners, implicated by the testimony of the arrested men at the coroner's inquest, are being sought by a posse of 75 men, led by the sheriff.

The story of the murder was brought to Benton by Harmon Wyant, the third member of the party of musicians who escaped with a bullet wound in the arm and an injured head.

Wyant and the party of Americans left the dance hall at 11 o'clock last night. Shortly before midnight they were waylaid by a party of about ten miners and attacked with revolvers and clubs. Wyant said he did not know why they had been attacked.

Springfield, Ill., Sept. 22.—Company F, Fourth Infantry, Illinois National Guard, of Benton tonight was ordered out by Governor Dunne upon recommendation of Mayor Espy, of Benton, and Sheriff Vaughan, of Franklin county, because of a threatened riot following the alleged killig of two men at Benton last night. Italian miners are said to have killed the men whose friends threatened a general fight in retaliation. Both the mayor and sheriff urged that troops be sent without delay.

NEW JERSEY PRIMARIES.

Acting Governor Fielder Likely a Winner—Other Candidates.

Trenton, N. J., Sept. 22.—On the eve of primaries in New Jersey for the nomination of candidates for offices from Governor down, interest centered in the contest between Acting Governor James F. Fielder and Frank S. Katzenbach, Jr., for the Democratic nomination for Governor.

The campaign managers of Mr. Fielder, who has the endorsement of President Wilson, say the acting Governor will win by from 30,000 to 40,000. The Katzenbach managers claim their candidate will lead by about 10,000 plurality.

Former Governor Edward C. Stokes is expected to win in the Republican primaries for the gubernatorial nomination over State Senator Carlton B. Pierce, former Judge Robert Carey, and ex-Congressman Charles N. Fowler.

A bitter fight is on among Progressives for the gubernatorial nomination. Fomer Senator Everett Colby and Edmund B. Osborne are the rival candidates.

Washington, Sept. 22.—President Wilson early tomorrow will leave the capital for Princeton, N. J., to vote for Acting Governor Fielder in the Democratic gubernatorial primary. It will be the first time the President has visited his home town since he left March 3rd to come to Washington. He will be there only a few hours, however, returning to Washington the same evening.

CRACK MILITARY BAND.

Second Regiment Getting Ready to Take the Cake in the South.

(Special Star Correspondence.)

Kinston, N. C., Sept. 22.—The Second North Carolina Infantry expected to attend army maneuvers at Chickamauga, Anniston, Ala., or other out-of-State points next Summer if any are held, will carry the best band ever taken out of North Carolina, if the aims of the musical organization of the regiment ,stationed here, are fulfilled.

The band yesterday started a series of rehearsals which, lasting through 10 months, are intended to make it the best military organization of the kind in the South. No new members are sought, except such as come here to live and voluntarily enlist, but the 40 musicians now enlisted will be practiced until they reach a state of efficiency bordering on perfection. The attendance at the initial rehearsal was 100 per cent. Every member save one of the outfit is a native North Carolinian, and it has the costliest set of instruments in this part of the country. The membership includes a ten-piece professional band and an orchestra of like size. A number of social events are being arranged by the members. C. W. McDevett, drum-major, was the choice of the members to succeed Capt. J. I. Brown, retiring from the command.

SENATOR OVERMAN RETURNS.

Junior Senator Goes Back to Washington After Brief Vacation.

(Special Star elegram.)

Washington, D. C., Sept. 22.—Senator Overman, who has been spending some time at Salisbury, returned to Washington today. The junior Senator came back before the end of his vacation to take charge of the Deficiency Appropriation bill which is now under way in the Senate Appropriations Committee.

A postoffice inspector will be sent to Asheboro to investigate the charges filed against E. L. Auman, who has been nominated for the postmastership. Whether Auman will be confirmed depends upon the report

E. J. Justice, of Greensboro, is here on legal business. P. R. A.

BOYS SKIN ERUPTION.

Cured by Our Reliable Skin Remedy, Saxo Salve—Read the Father's Story.

Mr. Arthur Whitman, of Bangor, Pa., says: "For over a year my son, fifteen years old, was troubled with a skin eruption. He tried a number of remedies, none of which gave any benefit. Saxo Salve was recommended, and after using it steadily for several weeks, the sores were all healed and he is now completely recovered from the trouble.

I consider Saxo Salve a wonderful remedy, and shall be glad to have you publish this letter for the benefit of others who suffer from any skin trouble."

It is astonishing even to us, to see how Saxo Salve stops the terrible itching, soothes and heals the skin, in all sorts of eruptive disorders such as eczema, barber's itch, ring-worm and tetter.

Saxo Salve is guaranteed to satisfy you in any case of skin affection, or you get your money back. Robt. R. Bellamy, Druggist, Wilmington, N. C.

P. S. To purify and enrich the blood take Vinol. We guarantee it. (advertisement.)

PHASE OF WHITE SLAVERY.

Commercial Purposes Must be Shown Under the Act.

Wichita, Kan., Sept. 22.—An interpretation of the Mann White Slave act by Federal Judge John C. Pollock, that seemed at variance with that of Federal Judge Van Fleet, of San Francisco, in the Maury Diggs and F. Drew Caminetti trials, caused Lee Baker, of Peabody, Kan., who was arraigned here today on a white slavery charge, to change his plea from "guilty" to not guilty."

Judge Pollock said thee Mann act applied only to commercial features of the inter-State transportation of women. Baker, through his attorney had pleaded guilty when the judge asked:

Do you base this plea on the interpretation of the law in the Diggs case?

Baker's attorney replied that he did and said he had expected the same ruling in this case.

"Under the law as I construe it," the judge said, "the commercial features must be proved. It was not the aim of Congress to prevent the personal escapades of any man. If the government cannot prove this man took the girl to another State for a commercial purpose, I shall instruct the jury to acquit him. The jurisdiction of the government in cases of this kind is based on the commercial laws."

Baker then pleaded not guilty and the case went to trial.

WANTED TO LEGALLY SUICIDE.

Rochester Man Said Made Fake Confession to be Electrocuted.

Philadelphia, Sept. 22.—Repudiating his previous statements made to the police, Jacob Folfsohn today denied that he was guilty of the murder of Anna Catharine Schumacher in the cemetery at Rochester, N. Y., four years ago. When closely questioned by District Attorney Barrett, of Rochester, in the office of Captain of Detectives Cameron here this afternoon, Wolfsohn broke down and said he had confessed to the murder because he wanted to die and could not bring himself to commit suicide.

"I want to take back my confession. It is not true that I killed the girl and I can prove my innocence," he exclaimed hysterically. "You can cut my throat, hang me or do whatever you want, but I do not want to die with the record of a murderer."

"My life has been an unhappy one," continued Wolfsohn. "I cannot return to Russia because I left there to escape military service. My wife divorced me here. I hope to end my troubles by being electrocuted."

District Attorney Barrett, before leaving tonight for Rochester said he would make further investigation before determining whether he would ask for requisition for Wolfsohn. He said:

"It has been proved that the prisoner worked near the cemetery where the crime was committed, but his description of the clothing worn by the girl does not correspond with the facts. I am not yet satisfied he is the murderer."

GOOD ROADS IN ONSLOW.

Jacksonville Township First to Take Steps Toward Decent Highways.

(Special Star Correspondence.)

Jacksonville, N. C., Sept. 22.—Jacksonville township may congratulate herself on being the first township in Onslow county to take steps toward the building of good roads. This she did Saturday by a vote of 232 to 176.

The bill as voted upon was for a special bond issue of $10,000, and a tax of 15 to 35 cents on the $100 and 45 to $1.05 on the poll. It is believed several other townships will follow the example set. Much credit is due to Hon. Frank Thompson, Hon. Rodolph Duffy, Hon. E. M. Koonce, Hon. Walter M. Thompson and others, including the local papers, the Progress and the Enterprise. The citizens have every reason to face the future with hope.

BRYAN'S PHILANTHROPY.

Educating Young Men and Supporting Foreign Missionaries.

Washington, Sept. 22.—During a brief defense of Secretary Bryan's lecture tours, Senator Martine told the Senate today that some of Mr. Bryan's "fixed" charges were the education of several young men.

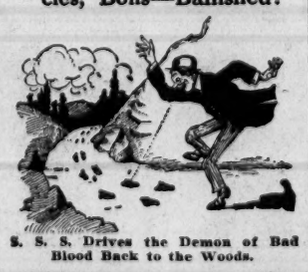
"A few years ago Mr. Bryan was maintaining and educating two boys from Japan," declared Mr. Martine, "and today I believe he is educating three or four young men."

After his statement on the Senate floor, Mr. Martine said:

"I have not talked with Mr. Bryan, but I believe he is now educating and supporting at least four young students. I believe further that out of his own pocket he is supporting a missionary in every important foreign mission field."

Hooray! Blood Free of Impurities

Eczema Gone! Acne, Tetter, Rash, Pimples, Carbuncles, Boils—Banished!



S. S. S. Drives the Demon of Bad Blood Back to the Woods.

The under layer of skin is a fine network of tiny blood vessels in which the famous blood remedy, S. S. S., works with remarkable activity. This is why S. S. S., the best known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or glandular activity to select from the blood or from this fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus, pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin, is met with the antidotal effect of S. S. S.

Under the influence of S. S. S. this fine network of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue, and the cause of disease is just as constantly becoming removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Specific Co., 190 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle to-day and banish all skin afflictions.
